

## EMSA 5 year strategy

1

### Putting EMSA into Context:

- The global maritime sector – Trends in the maritime sector
- The EU Maritime sector – EU MS, COM strategy, new legislation

2

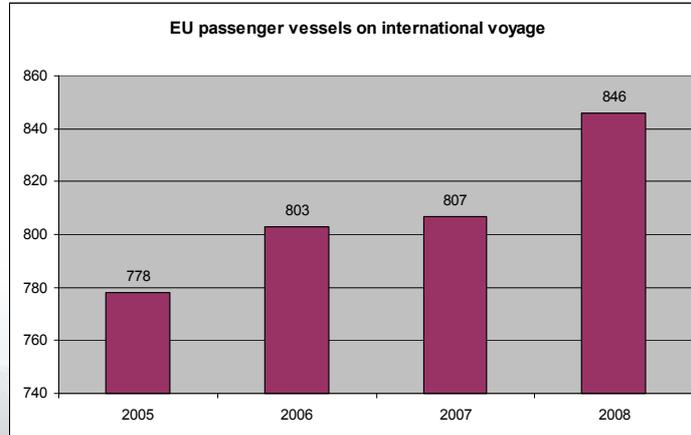

### What direction EMSA can take

- EMSA's current tasks – what can be further developed?
- Possible new areas of activity – what else could EMSA also do?

## EMSA 5 year strategy – data analysis

Fleet data:

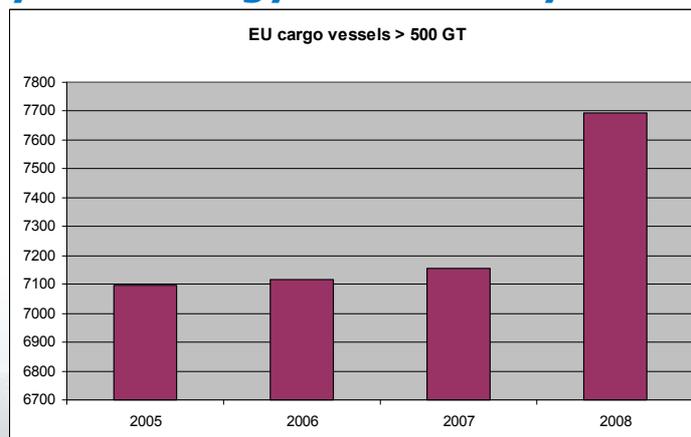

Slight increase on the number of passenger ships registered under European flags (+8.7% compared to 2005)

3

## EMSA 5 year strategy – data analysis

Fleet data:

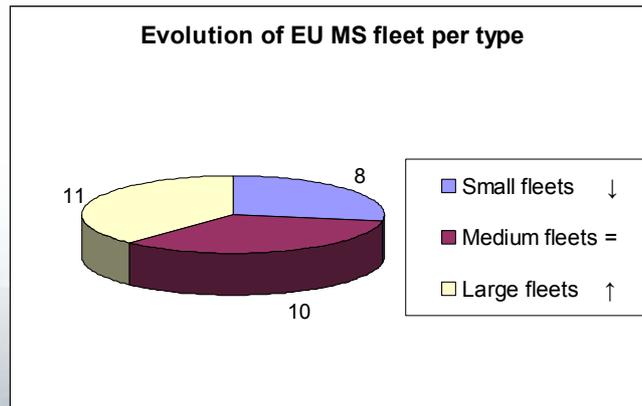

Slight increase on the number of cargo ships registered under European flags (+8.2% compared to 2005)

4

## EMSA 5 year strategy – data analysis

EU MS Fleet data:

5

## EMSA 5 year strategy – data analysis

Data on delegation to ROs:

When comparing data of 2008 with data of 1998,

- Delegation work on ISM from ROs has decreased
- Delegation of Tonnage Convention work to ROs has increased
- Delegation of new certificates to ROs has increased

6

**Overall:** Technical certification is increasingly being delegated to ROs, legal/administrative certification is being carried out by the MS.

## COM – Future direction for EMSA

Maritime transport policy as from 2009:

- integrated maritime surveillance
- assistance in implementing the maritime strategy
- steering maritime research

### 3rd Maritime Package

To provide assistance in:

- Implementing the new legislation
- further development of SSN
- activities under the PSC Directive
- tasks under class Directive
- the AI methodology and cooperation framework

7

## MS – Developing new tasks

Proposals from MSs:

- Monitoring Directives of other DGs such as the Fishing Vessels Directive,
- Common publications with information/notices for seafarers
- Marine accident analysis
- Enhance marine pollution cooperation with third countries

8

## Mid term training goals

### Scope:

- EU legislation
- IMO legislation
- ILO legislation

9

## Mid term training goals

### Timing:

- Pre adoption?
- Post adoption?

10

## Mid term training goals

### AIM:

- Exchange of experiences?
- Exchange of best practices?
- Common procedures?
- Common understanding of rules?
- Common enforcement practices?

11

## Mid term training goals

### How to implement it:

- Size of training?
- Number of trainings?
- Location of trainings?
- Distance learning?

12

## Mid term training goals
