

THETIS MRV

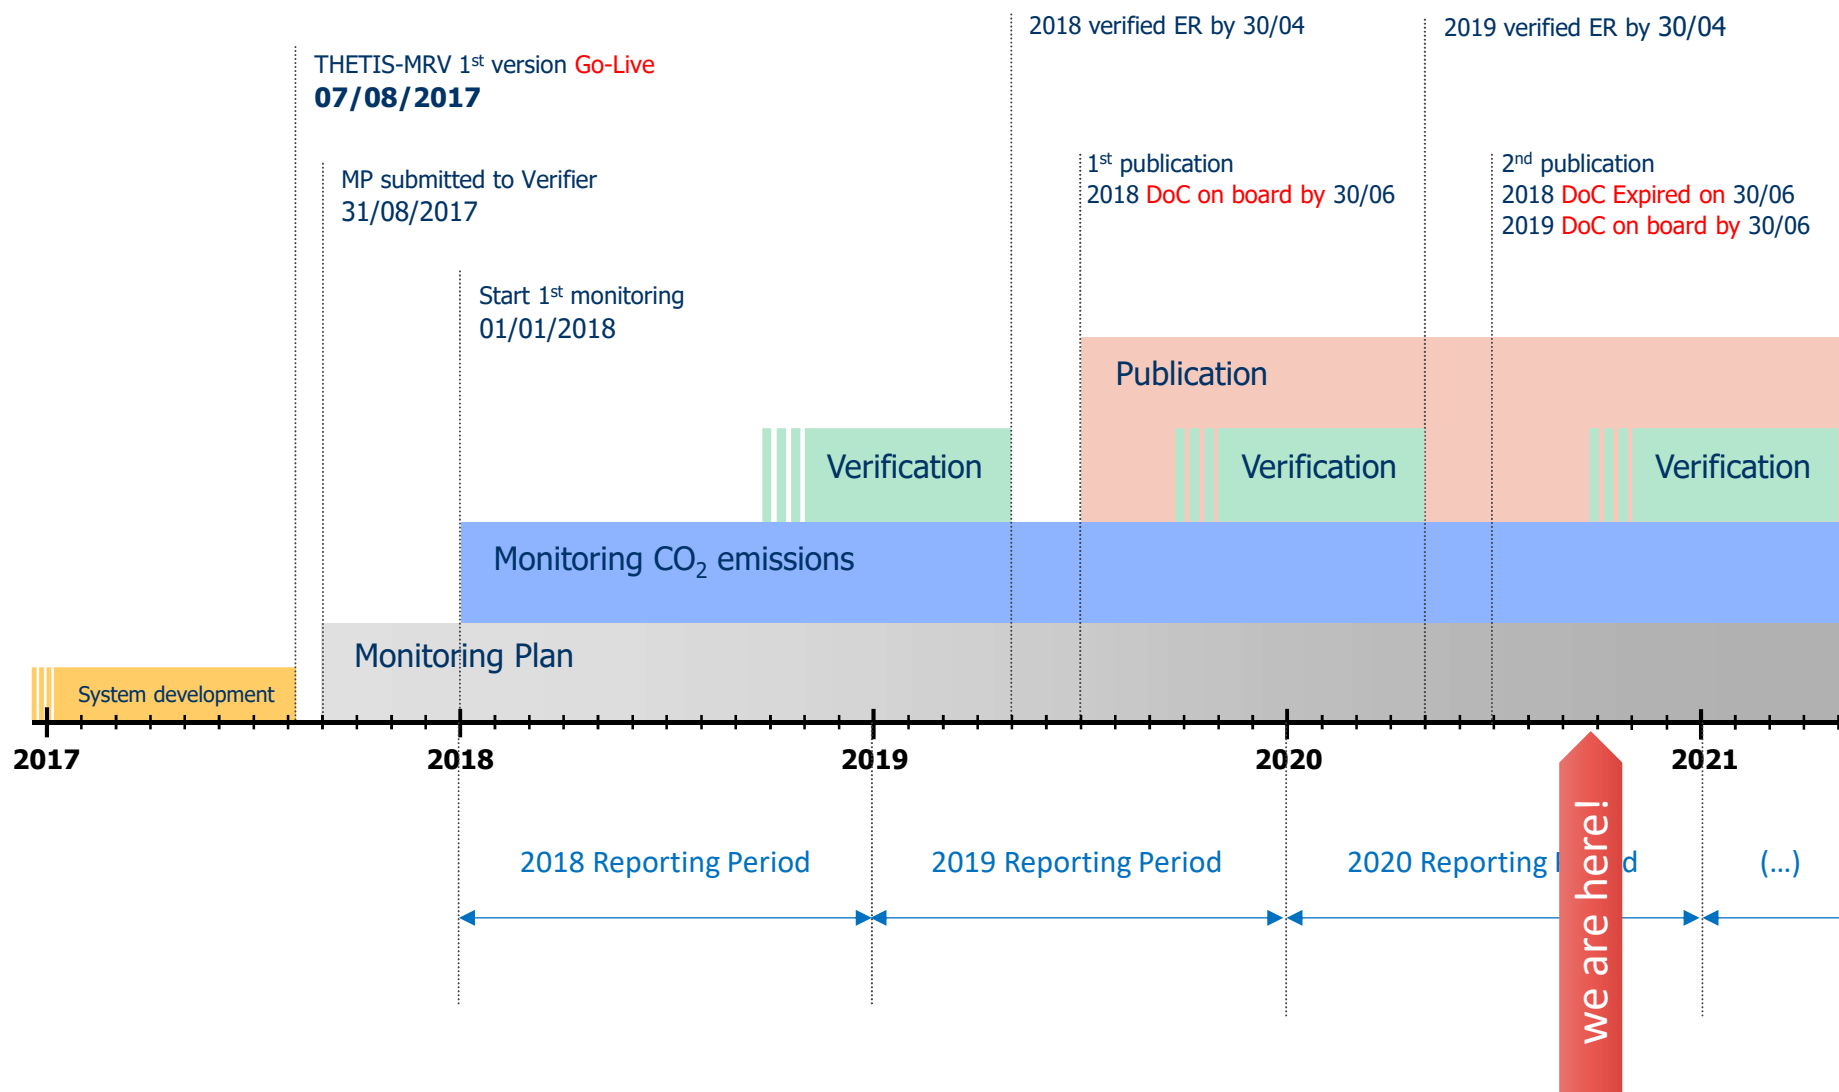

Information System in support
of EU Regulation 2015/757 on MRV

Miguel Madeira / Carlos Pereira
Sustainability & Technical Assistance

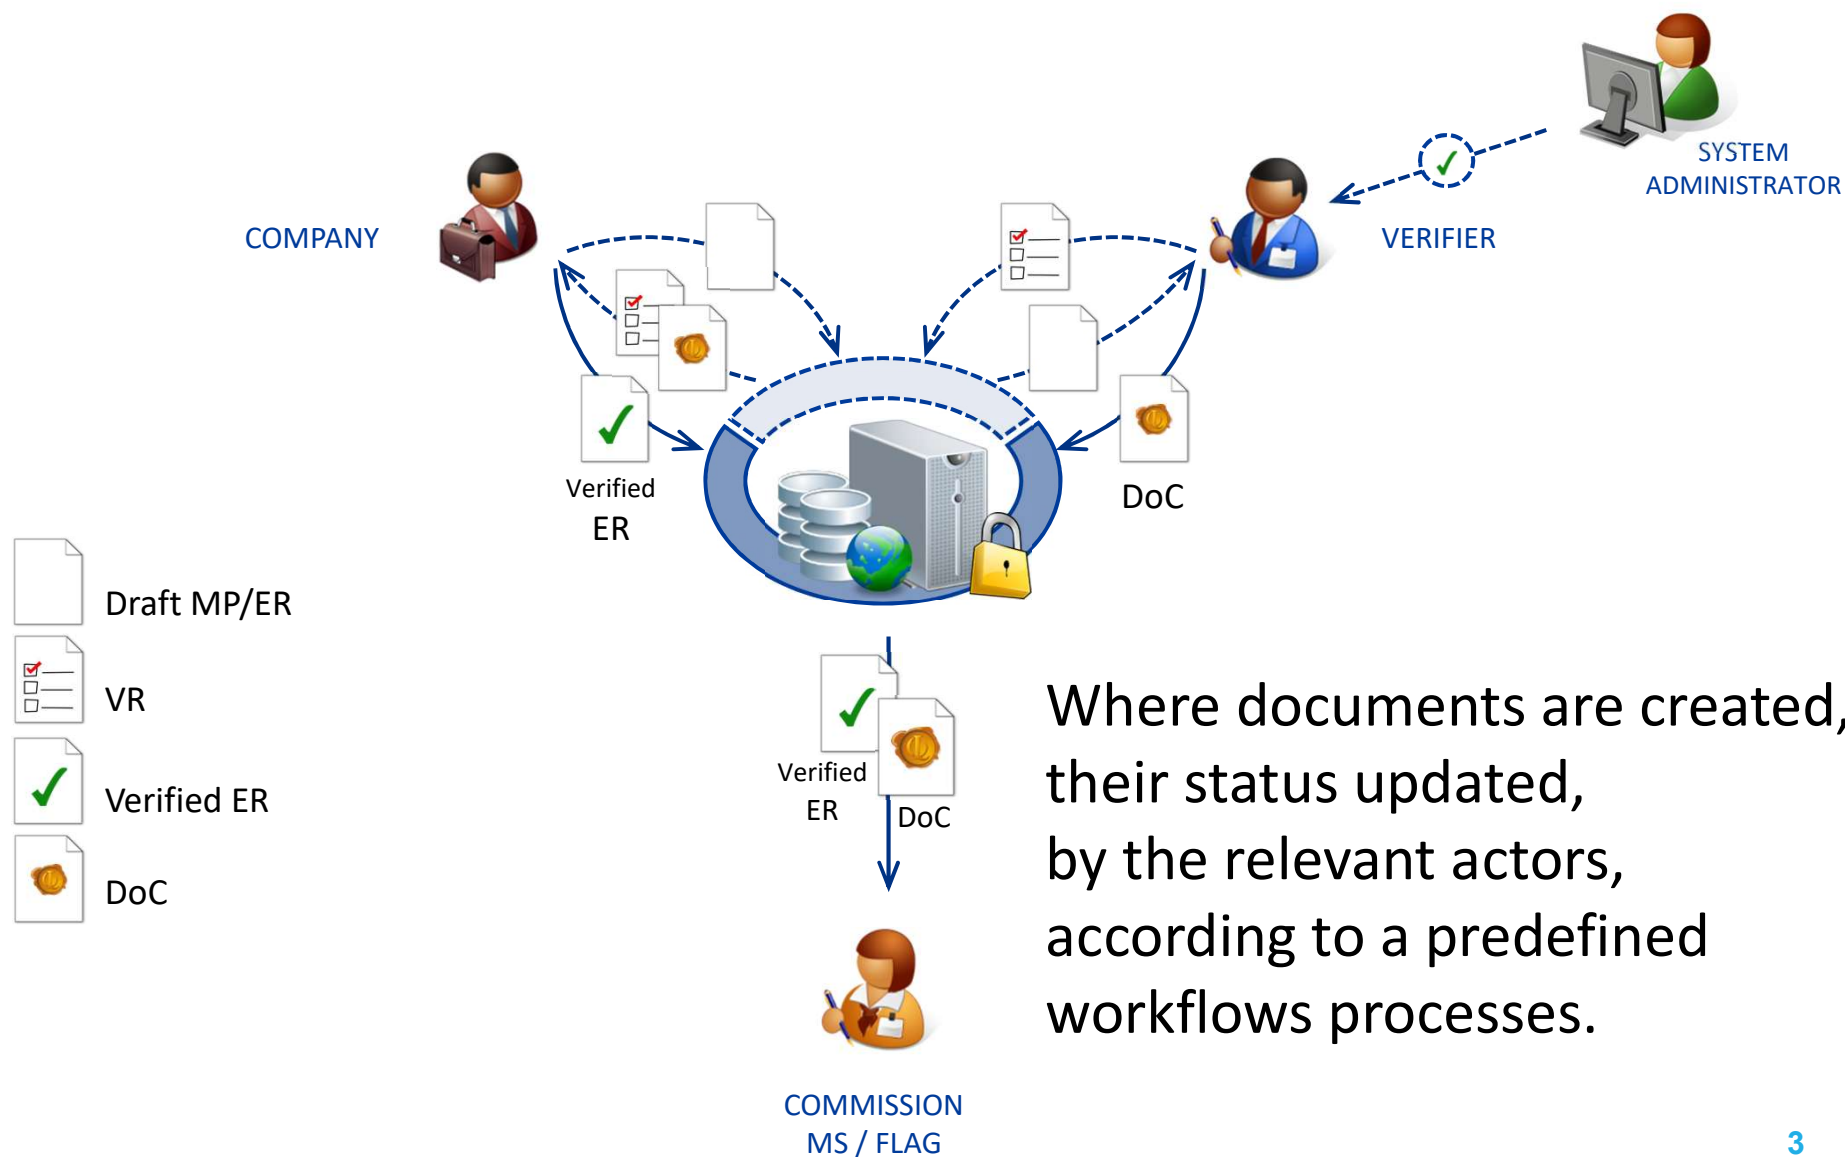

29 September 2020

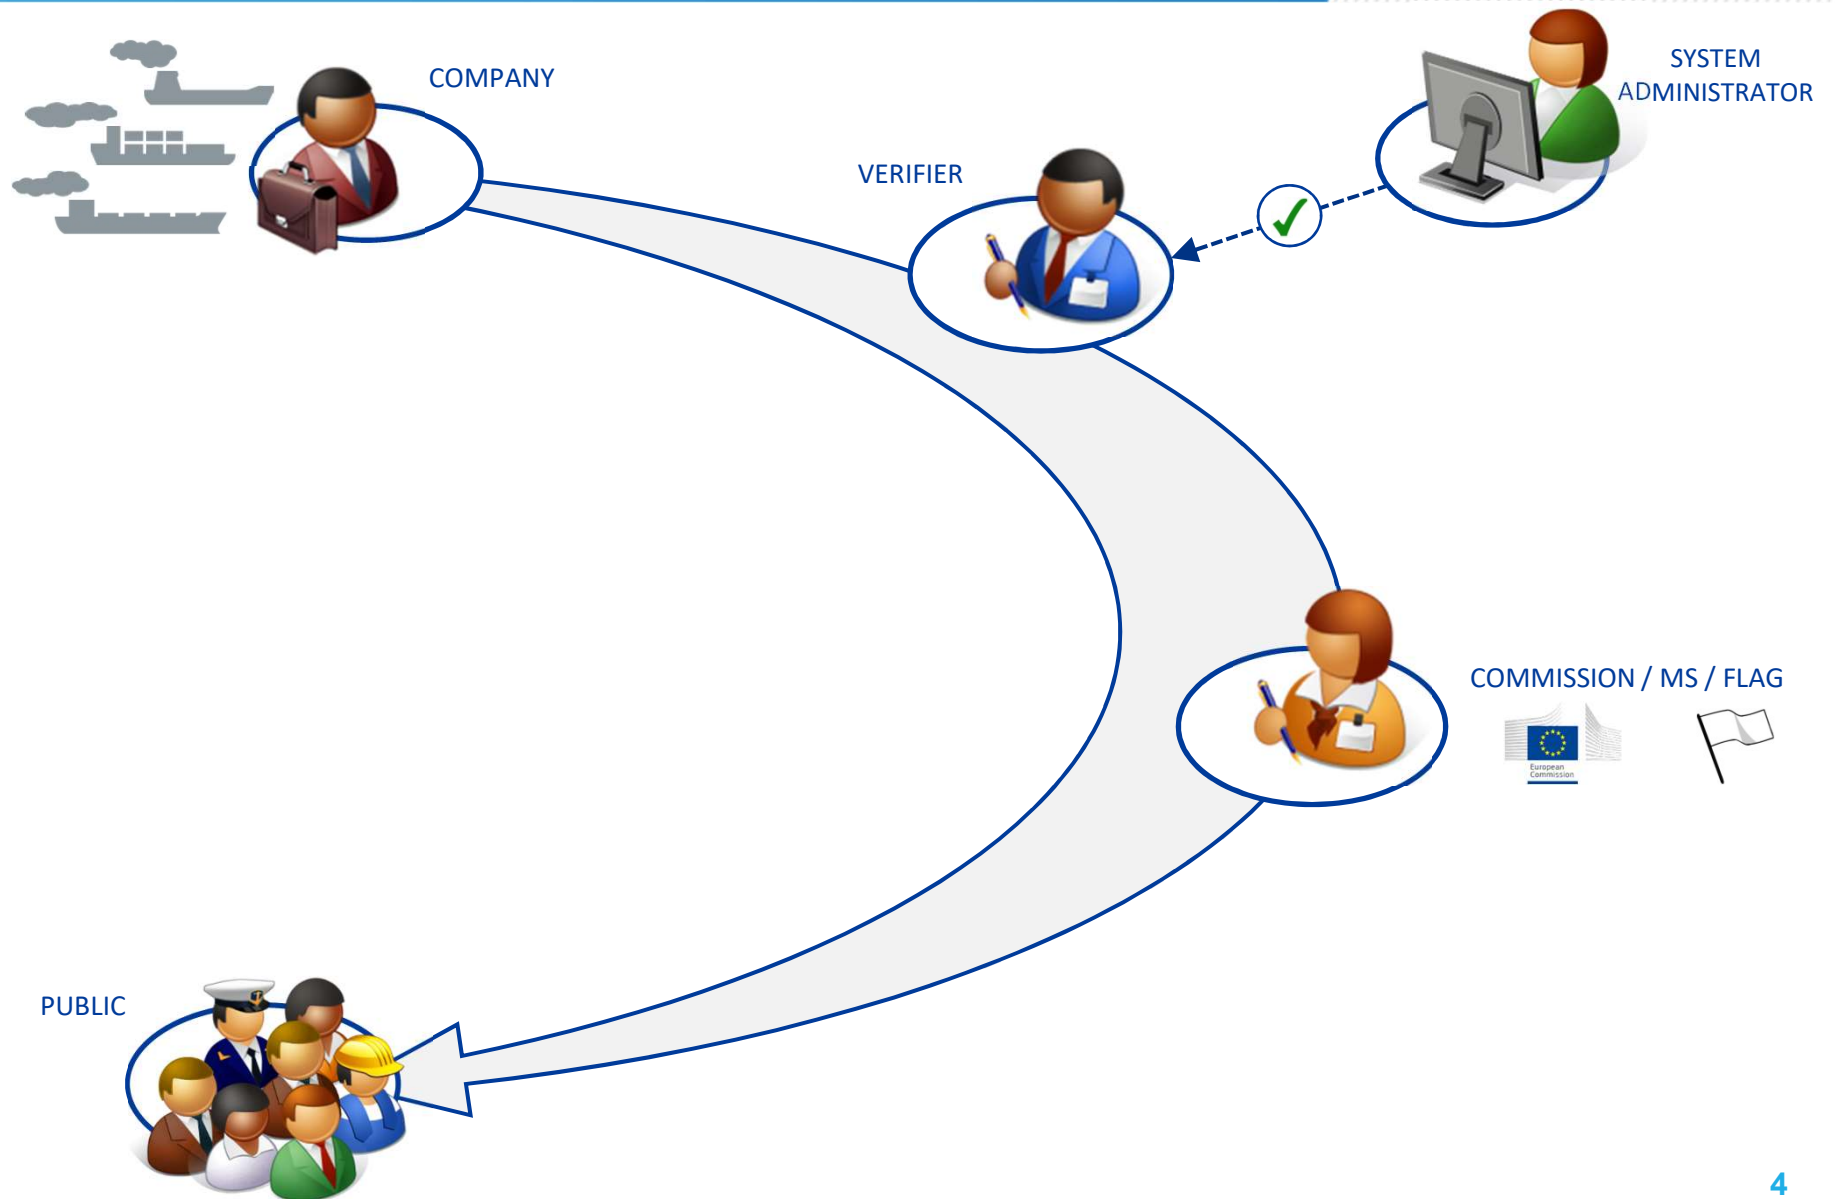

EU MRV Timeline

Centralized web based system

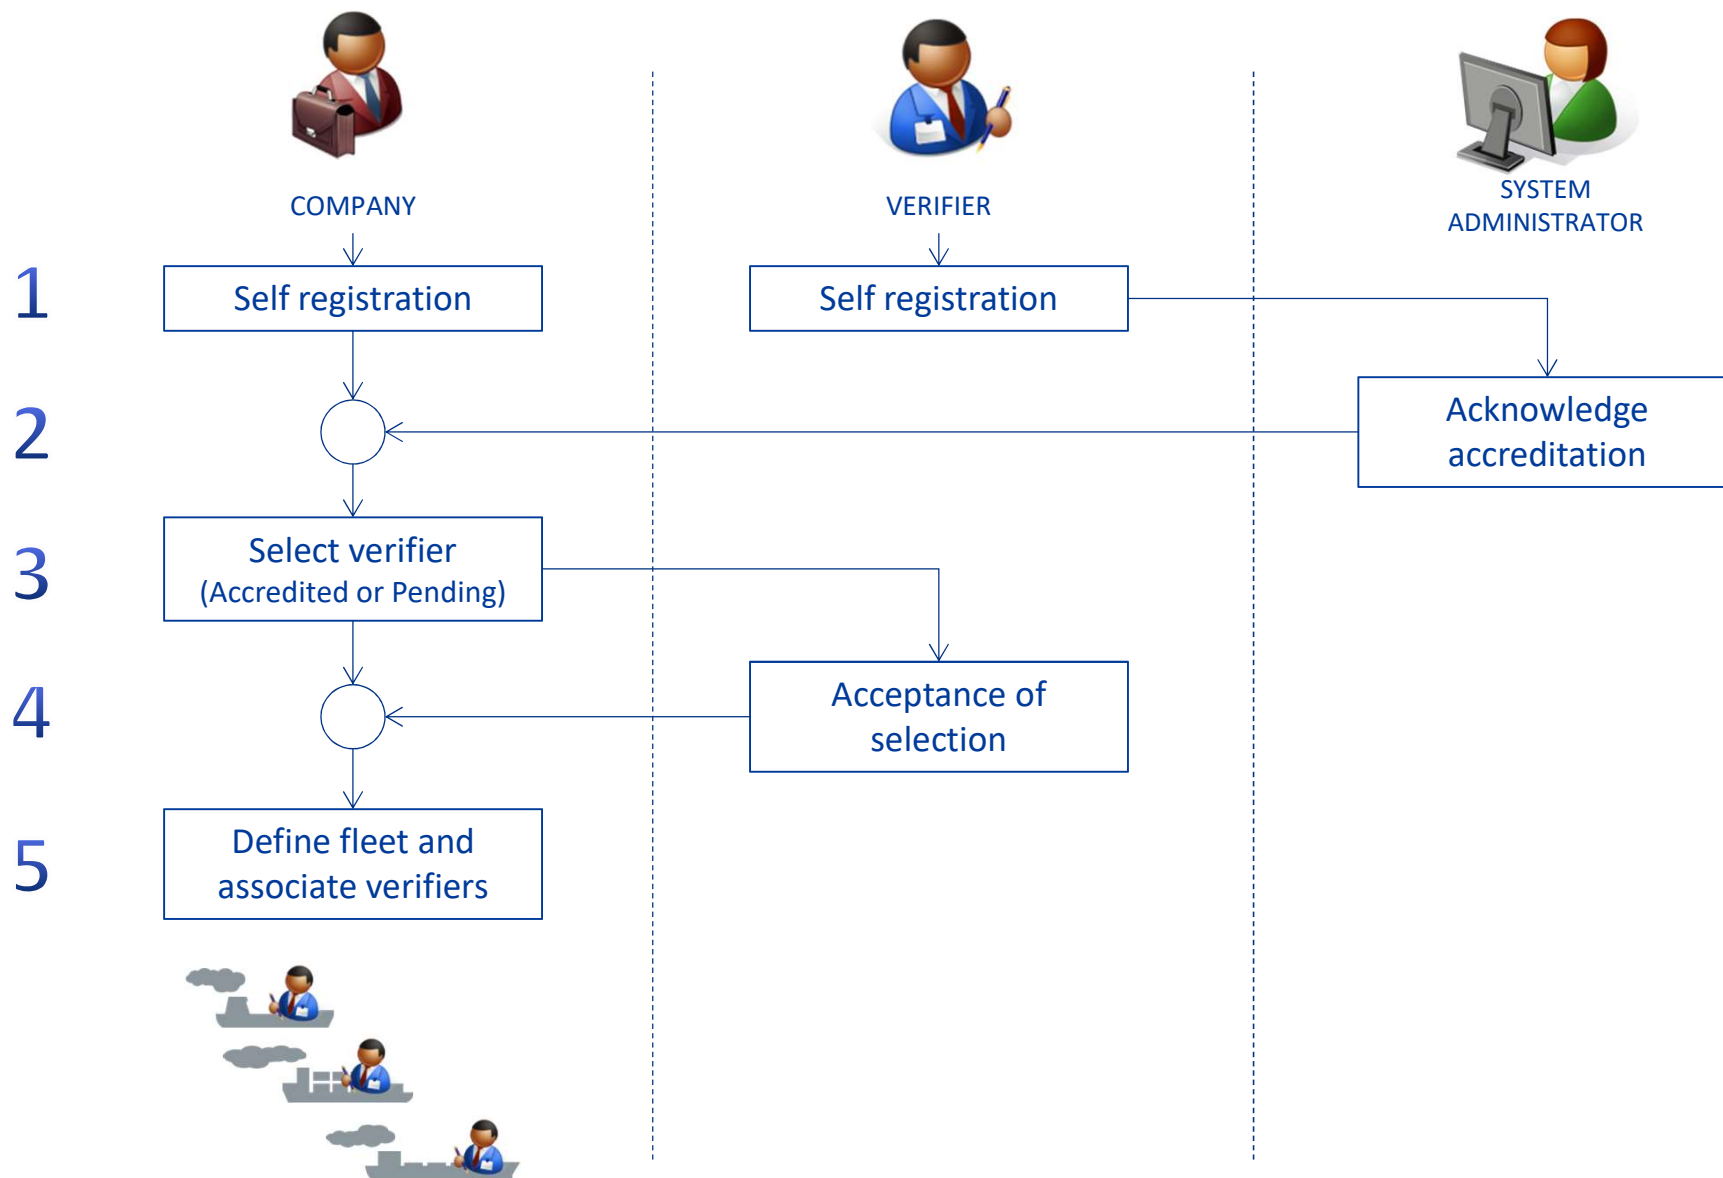

Actors

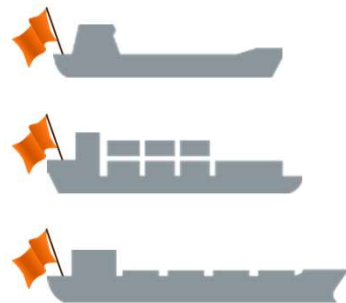

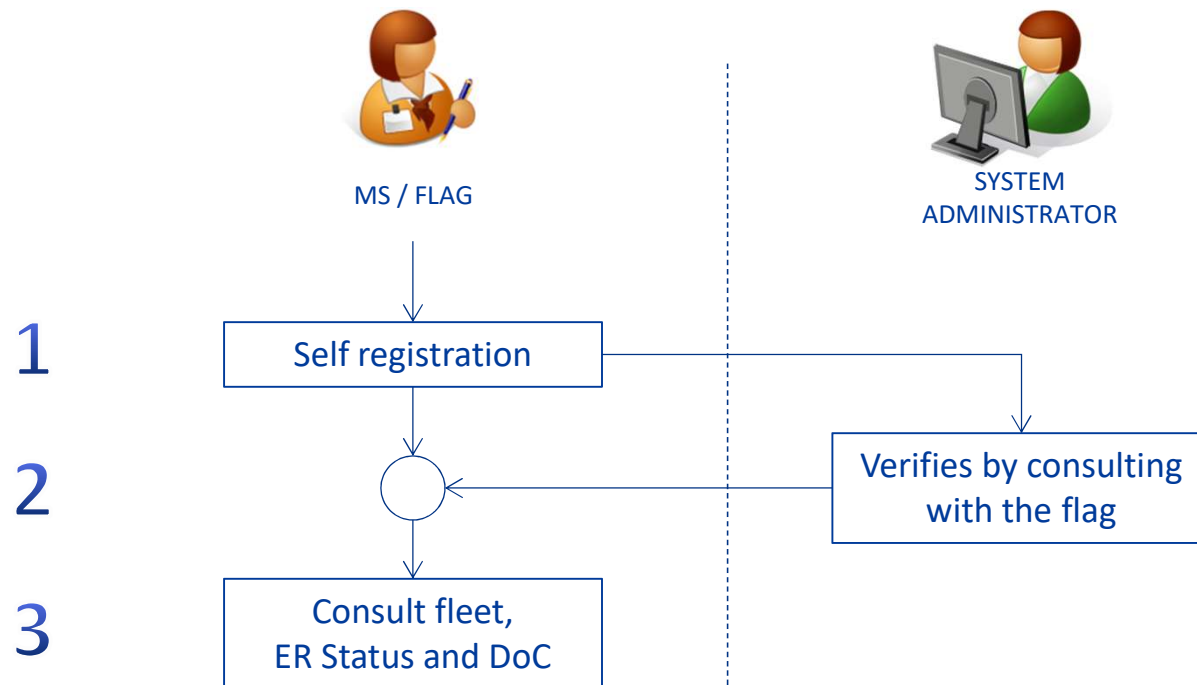

- 18.897 ship
- 3.104 company users from 2.319 companies
- 468 verifiers users from 30 accredited verifiers
- 78 flag state users, from 22 EU MS and 5 Non-EU MS

Information collected on 28/09/2020

Company and Verifier registration process

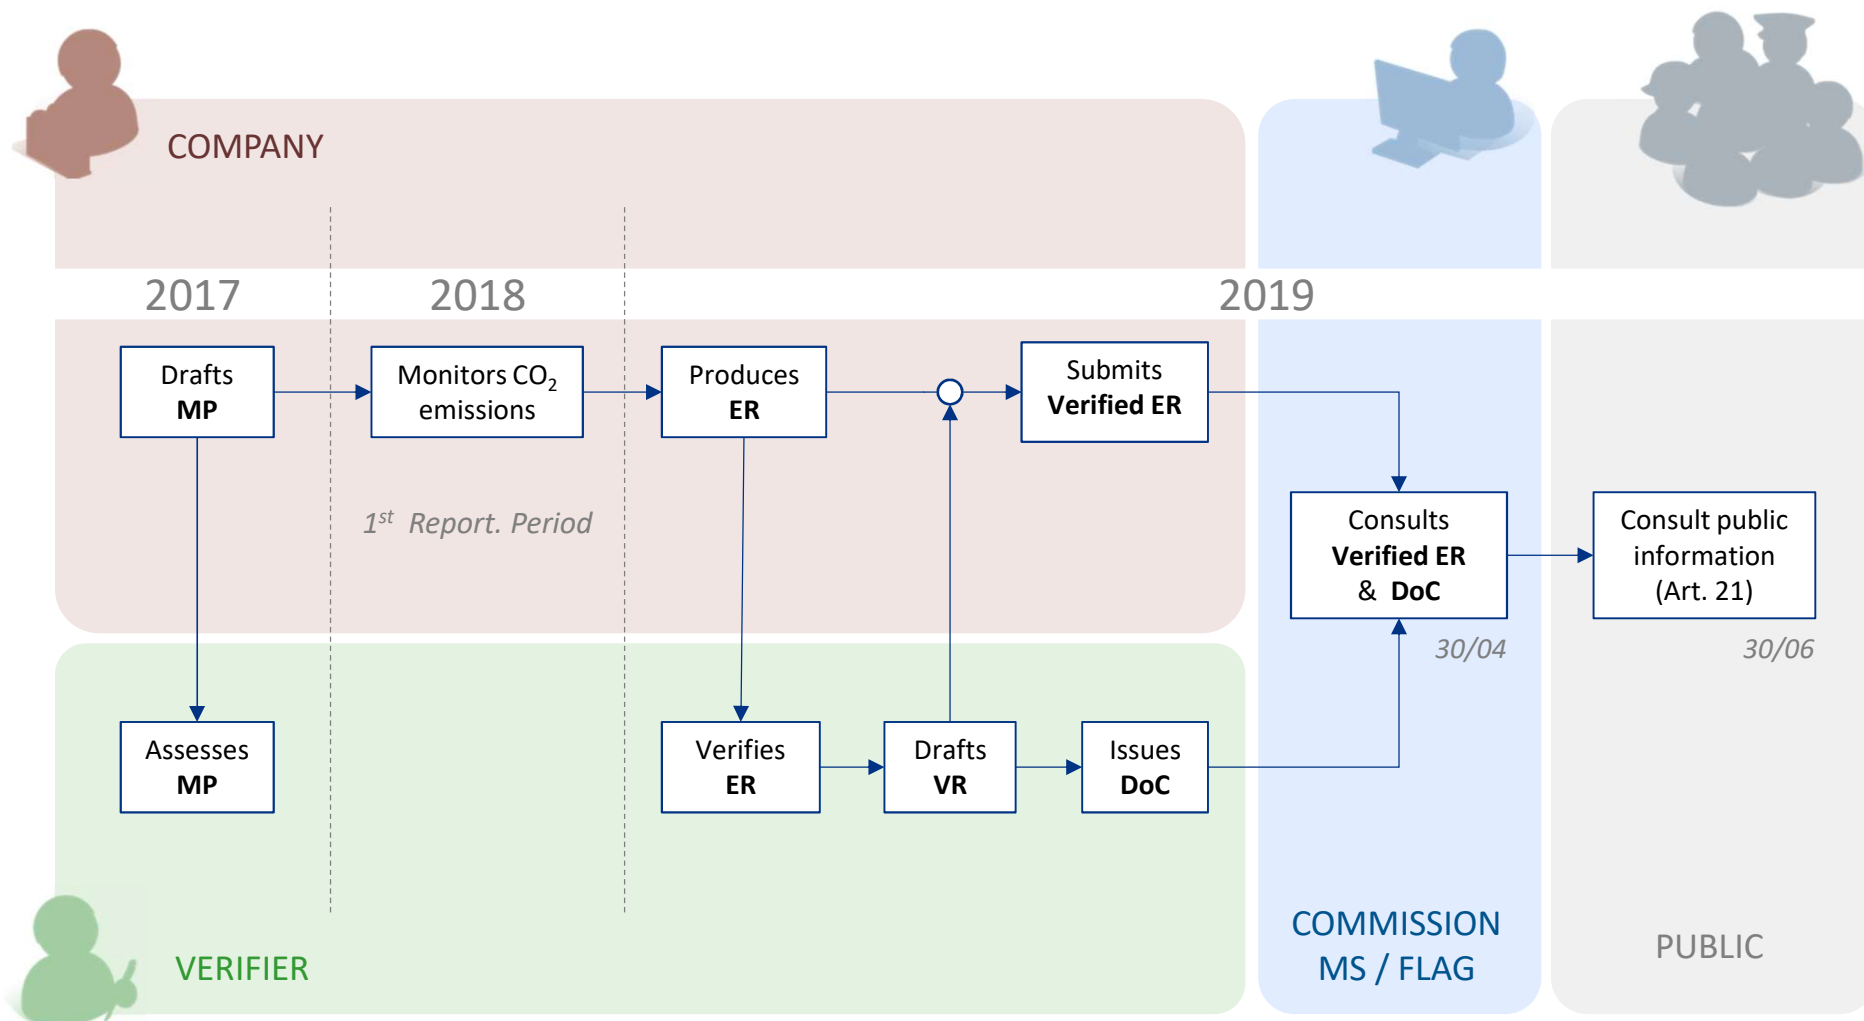

MS / Flag registration process

Remember!

There can only be one responsible person per MS. However, this person will be able to create additional users under the same account.

Workflow

- 7.895 Drafted Monitoring Plans
- 11.588 Emission Reports Submitted to Commission
- 12.313 Valid Document of Compliance
 - ER Submitted to Commission + Valid DoC 11583
 - ER Submitted to Verifier + Valid DoC 55
 - ER Verified as Satisfactory + Valid DoC 670
 - ER Under Revision + Valide DoC 5

Information collected on 28/09/2020

What about enforcement?

THETIS

THETIS-EU

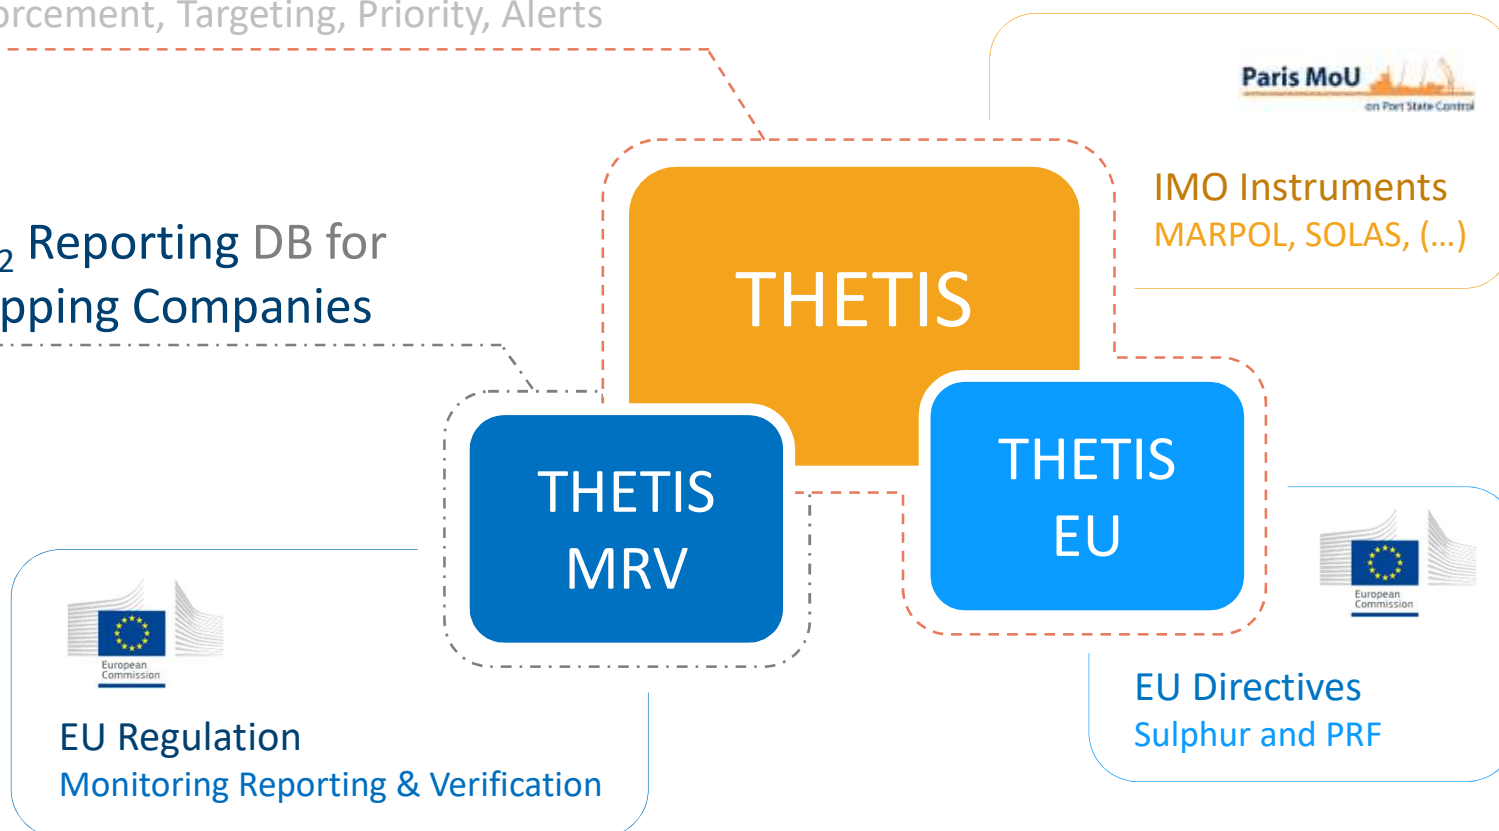

THETIS-MRV

Inspection DB for Member States

Enforcement, Targeting, Priority, Alerts

CO₂ Reporting DB for Shipping Companies

Legal Directives **2009/16/EC** on PSC and **(EU) 2017/2110** on ro-ro ferries and high-speed passenger crafts

Users Paris MoU

Features Includes a **risk based** mechanism for **targeting** ships for inspection resulting from ship details, last inspections and **overriding factors** reported by users, like alleged **pollution incidents**.

Publication Inspection results with some restraints in content

Figures 18 000 inspections per year are recorded in the system by 600 authorised users

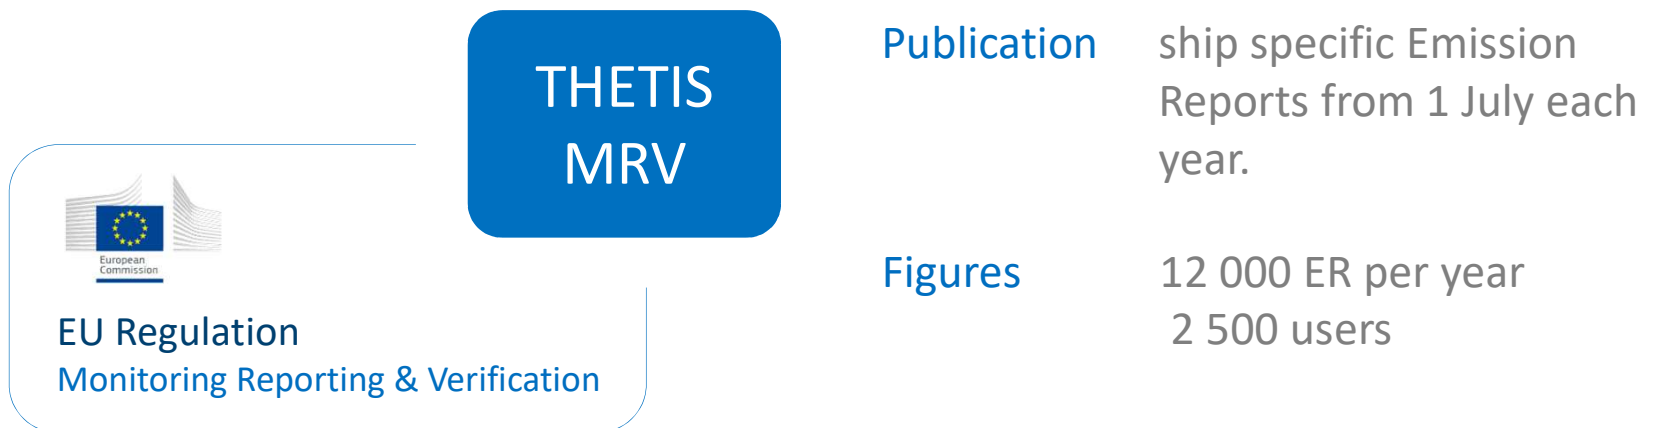

Legal	Directives 2016/802 on the reduction in the sulphur content of marine fuels and 2000/59/EC on port reception facilities
Users	EU Member States
Features	Caters provisions not included in the PSC Directive, including Flag State Control requirements. Interfaces with THETIS allowing combined inspection with PSC
Publication	Inspection results with some restraints in content
Figures	10 000 inspections per year. 480 Non-compliances (80% inside SECA)

THETIS
EU

EU Directives
Sulphur and PRF

Legal	Regulation 2015/757 on Monitoring, Reporting and Verification of CO ₂ from marine transport, Implemented Regulations 2016/1927 and 2016/1928 and Delegated Regulations 2016/2071 and 2016/2072
Users	Shipping Companies, Verifiers and Flag states Worldwide
Features	Generations of Monitoring Plans (Voluntary) an Emission Reports (Mandatory) along with management of the workflow between Companies and Verifiers, leading to the issuance of Documents of Compliance .

DEMO SITE / DEMO DATA

Enhancements for Flag State users

Priority	Artifact ID	Title	Module
Highest	artf62979	Provide a better way for Flag State users to download ER and DoC information	ER/VR, Batch job
High	artf47635	Improve messages on missing DoC and expulsion by cross-checking with THETIS the existence of port-calls within the EU (linked to artf47359).	Config, Ship
Medium	artf47359	Implement feedback information on the DoC status to THETIS and THETIS-EU (linked to artf47635)	Config, Public

Important notes to recap...

1. New flagged ships which are not added by their companies, will not be listed.
2. Private access provides more information on own Flag than the public access.
 - Own flag vessels only
 - Document status (ER, VR and DoC)
 - Info on different level of aggregation or no publication
 - Company details
 - Download copies of the Verified ER and DoC
 - *On a future enhancement: Bulk download of information*
3. Port Call information for a RP is available, but the purpose of the call is not reliable. Further investigation may be required.
4. THETIS for PSC covers inspections on foreign vessels. For own Flag vessels, currently, there is no solution implemented.

Thank you!
