

LRIT meeting 10

Agenda item 10.4 – IMO/IMSO activity

Yannick Texier/SPO

Department C: Operations/Unit C.2.2

Lisbon / 29 October 2014

NCSR 1

30-4 July 2014

Four documents submitted to the Sub Committee:

- Statut of the IDE
- Functionning/operation of the LRIT system
- Improvement of the LRIT system (upload polygons)
- Guidance to SAR services

Outcomes:

- All EC submissions endorsed by the Sub-Committee
- Global revision of the LRIT system will be under MSC responsibility

Follow up:

- IMSO Expert Group met on Oct. to prepare the draft Circulars revision in view of NCSR 2

MSC 94

17-21 Nov. 2014

**MSC 94/9/6 - Sustainability and viability of the LRIT system:
Proposal from Liberia to:**

- relax the default reporting rate from 6 to 12h,
- establish a new audit mechanism consisting to:
 - request the IMO to host and operate an Audit tool to be accessible by CGs,
 - request the LRIT Operational Governance body to evaluate the Audit report

IMSO AC35

15-17 Sept. 2014

Main outcome:

Revision of the audit/formula leading to a slight increase for the EU LRIT CDC and the IDE (+7%).

IMSO Experts group

15-17 Sept. 2014

Preparation of draft amendments:

- LRIT Tech. Specifications
- SRR in GISIS - eFile
- DDP web interface
- New Test cases for DCs
- Upload polygons final Tech. specifications
