

## **SSN Workshop 14**

**Lisbon 20-21 October 2010**

# **SSN Graphical Interface new users**

1

A large, powerful ocean wave is breaking, with white foam and spray visible against a dark blue sky. The wave is the central focus of the lower half of the slide.

**Lisbon, 20 October 2010**

## Objective

To propose a new form to be used by NCAs for each new user requesting access to SSN Graphical Interface (GI).

## Why a new form ?

- To identify new users of the SSN GI on top of the 2 initially identified in the CoU
- To avoid further confusions in the identification of these users:
  - guarantee the creation of the users in the SSN management console before requesting access to the SSN GI
- To guarantee appropriate level of autorisation of the access to the LRIT data now available in SSN.

**Thank you**  
**Any Questions?**
