

Meeting of LRIT NCA's
19 October 2009
"Anti-Piracy tool"

1

A large, powerful ocean wave is breaking, with white foam and spray visible against a dark blue sky. The wave is the central focus of the lower half of the slide.

Pilot Project EU LRIT DC monitoring of sensitive areas

- Technical feasibility project as part of "Maritime Surveillance" paper presented to the Administrative Board in June 2009
- Launched early September, requesting Member States to authorize EMSA
- Sole purpose for the mandate of EUNAVFOR; very positive feedback from EUNAVFOR
- Participation on a voluntary basis, costs covered by EMSA
- INTERTANKO pushes participation of Member States
- EP Transport Committee has requested more information about participating states
