

# **LRIT Invoicing and Billing system (I&B)**

Olivier Boonen - Legal Officer

Sara Peral Lopes - Application Engineer

Unit C 3.1 LRIT Development and Support

1

**Lisbon 3 May 2011**

## Update on financial agreements

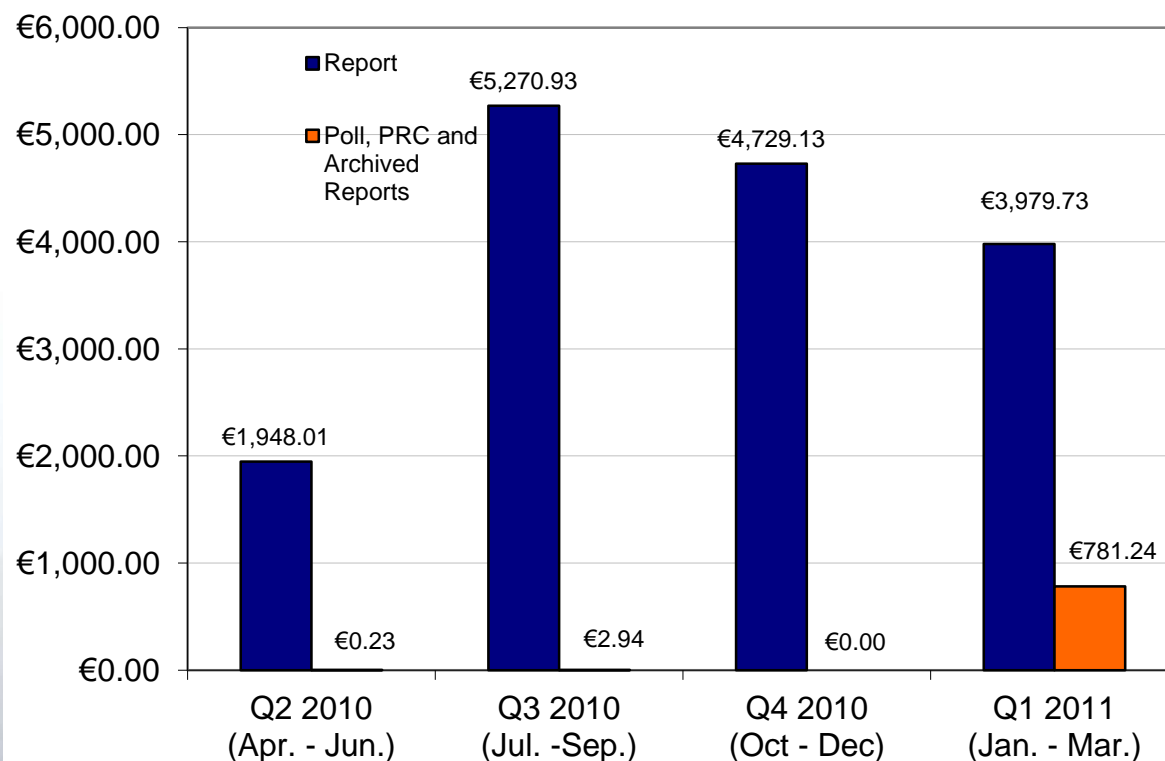

- MSC has repeatedly urged LRIT DCs to establish necessary financial arrangements with other DCs
- Agreements concluded with 48 LRIT DCs in production
- Agreements with largest requestors:
  - Australia, Canada, Chile, India, Nigeria, Philippines, South Korea, Singapore, South Africa and the US
  - At the end of March 2011, Nigeria had the largest outstanding bill (28,449 EUR)
- Prices in EUR are: 0.19pos/0.38poll/1.14prc/0.38arc; Ratio 1/2/6
- Prices are below the IMO Recommendation: the maximum cost for a single LRIT position report should not normally exceed EUR 0.21 (USD 0.25)

## Update on financial agreements

- Negotiations ongoing with:
  - 14 LRIT DCs in production
  - 7 LRIT DCs exchange LRIT information with EU LRIT DC: Azerbaijan, Brazil, China, Ecuador, Malaysia, Panama and Thailand
- In absence of agreement, IDE prices apply [0.38pos/0.76poll/4.61prc/0.76arc];
  - Ecuador has the biggest outstanding bill (1432EUR)
- New agreements should be concluded before end of 2011 with: Azerbaijan, Brazil, Ecuador and Panama.

EMSA costs with Mandatory Reports & Ship integration

## Linking Billing to users/roles

- 2<sup>nd</sup> NCA meeting MSs requested to have financial monitoring at user level
- 3<sup>rd</sup> NCA meeting EMSA presented a proposal to address this issue
  - One invoice will be issued per country
  - Several/many reports can be issued by country to support the invoice and view consumption of users
- Implementation will start in July and available to the users Q4 2011
