

SSN Group meeting 26

Actions stemming from SSN HLSG decisions

Agenda item 26.1.3

Marta Lima Galvão / Senior Project Officer
Department C: Operations/Unit C.2.1

Lisbon / 19 October 2016

Actions from HLSG 15

Action point	Topic and action	Resp.
a	New revised terms of reference for the SSN/LRIT group following the new Commission Decision 2016/566 on the HLSG (<i>SSN 26.6.1 SSN / LRIT Group Terms of Reference – presentation</i>)	EMSA
b	Adaptations to the monitoring of operations made by the MSS (including the NSW) (<i>SSN 26.5.2 Revision of the Data Quality checks</i>)	EMSA
c	PT, GR and MT are to provide their detailed plans and time line for the full operation of SSN V.3 by 1 st September (in writing)	PT, GR and MT
d	Guidelines on the registering and management of exemptions in the SSN system to be developed in order that they can be incorporated in the PortPlus Guidelines (<i>SSN 26.3. SSN PortPlus Guidelines – Progress report</i>)	EMSA
e	MSs not reporting CALDOREP and WETREP MRS information should seek assistance from EMSA in order to accelerate the implementation	MS

Actions from HLSG 14

Action point	Topic and action	Resp.
f	MSs to address problems related to national system availability in order to avoid disruption in communications	MS
g	The business rules for reporting bunkers were approved in principle (with Denmark and the Netherlands expressing reservations). The results of this work are to be included as input in connection with the ongoing evaluation of the VTMISS-RFD Directives in order to see whether there is a need for any possible further clarification in the legal text (Annex 1 to the VTMISS Directive)	COM
h	The revised SSN Incident Report Guidelines were approved	EMSA
i	The Waste Business Rules were approved, but the HLSG asked for the table in Annex I to the business rules (definition of the fields) to be circulated in order to obtain final verification of the minor editorial changes introduced (<i>SSN 26.3.4 Waste WG – progress report</i>)	EMSA
j	Proposal to transmit all waste information to the central SSN within the PortPlus notification. This is to be implemented in SSN v4 (<i>SSN 26.3.4 Waste WG – progress report</i>)	EMSA

Actions from HLSG 14

Action point	Topic and action	Resp.
k	The SSN v4 technical requirements and time plan for implementation are to be presented at the next HLSG meeting, also considering the conclusion made in relation to the business rules for reporting bunkers	HLSG
l	The revised IFCD v1.1.2 was approved	EMSA
m	The mandate of the IFCD WG is to be modified in order to prepare a further revised IFCD following the new Commission Decision 2016/566. The new ToRs for the IFCD revision group will be submitted at the next HLSG meeting for approval (SSN 26.3.2 IFCD revision WG – progress report)	EMSA
n	The procedure whereby requests from non-VTMIS users are validated by SSN NCAs was approved. EMSA is to provide guidelines to the NCAs	EMSA
o	The revision of the policy for access to, and use of, SSN information was initiated by the HLSG. This is to be discussed at the next Maritime Directors' Meeting in October	COM
