II.14.1 Grounds for termination

EMSA may terminate the FWC, an order form or a specific contract respectively in the following circumstances:

- (a) if a change to the contractor's legal, financial, technical or organisational or ownership situation is likely to affect the performance of the FWC or

order form or specific contract substantially or calls into question the decision to award the FWC.

- (b) if execution of the tasks under a pending order form or a specific contract has not actually commenced within 15 days of the date foreseen, and the new date proposed, if any, is considered unacceptable by EMSA, taking into account article II.8.2;
- (c) if the contractor does not perform the FWC or an order form or specific contract as established in the tender specifications or request for service or fails to fulfil another substantial contractual obligation; termination of three or more order forms or specific contracts on this ground shall constitute ground for termination of the FWC;
- (d) in the event of force majeure notified in accordance with article II.11 or if the performance of the FWC or order form or specific contract has been suspended by the contractor as a result of force majeure, notified in accordance with article II.13, where either resuming performance is impossible or the modifications to the FWC or order form or specific contract might call into question the decision awarding the FWC or order form or specific contract, or result in unequal treatment of tenderers or contractors;
- (e) if the contractor is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- (f) if the contractor or any natural person with the power to represent it or take decisions on its behalf has been found guilty of professional misconduct proven by any means;
- (g) if the contractor is not in compliance with its obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which it is established or with those of the country of the applicable law of this FWC or those of the country where the FWC is to be performed;
- (h) if EMSA has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed fraud, corruption, or are involved in a criminal organisation, money laundering or any other illegal activity;
- (i) if EMSA has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed substantial errors, irregularities or fraud in the award procedure or the performance of the FWC, including in the event of submission of false information;
- (j) if the contractor is unable, through its own fault, to obtain any permit or licence required for performance of the FWC or order form or specific contract;

- (k) if the needs of EMSA change and it no longer requires new services under the FWC;
- (l) when due to the termination of the FWC with one or more of the contractors there is no minimum required competition within the multiple framework contract with reopening of competition.

II.14.2 Procedure for termination

When EMSA intends to terminate the FWC or order form or specific contract it shall notify the contractor of its intention specifying the grounds thereof. EMSA shall invite the contractor to make any observations and, in the case of point (c) of Article II.14.1, to inform EMSA about the measures taken to continue the fulfilment of its contractual obligations, within 30 days from receipt of the notification.

If EMSA does not confirm acceptance of these observations by giving written approval within 30 days of receipt, the termination procedure shall proceed. In any case of termination EMSA shall notify the contractor about its decision to terminate the FWC or order form or specific contract. In the cases referred to in points (a), (b), (c), (e), (g), (j), (k) and (l) of Article II.14.1 the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (d), (f), (h), and (i) of Article II.14.1 the termination shall take effect on the day following the date on which notification of termination is received by the contractor.

II.14.3 Effects of termination:

In the event of the contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the notification of termination the contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce its commitments. The contractor shall have 60 days from the date of termination to draw up the documents required by the special conditions or order forms or specific contracts for the tasks already executed on the date of termination and produce an invoice if necessary. EMSA may recover any amounts paid under the FWC.

EMSA may claim compensation for any damage suffered in the event of termination.

On termination EMSA may engage any other contractor to execute or complete the services. EMSA shall be entitled to claim from the contractor all extra costs incurred in this regard, without prejudice to any other rights or guarantees it may have under the FWC.

ARTICLE II.15 – REPORTING AND PAYMENTS

II.15.1 Date of payment

Payments shall be deemed to be effected on the date when they are debited EMSA's account.

II.15.2 Currency

The FWC shall be in euros.

Payments shall be executed in euros or in the local currency as provided for in Article I.5.

Conversion between the euro and another currency shall be made according to the daily euro exchange rate published in the *Official Journal of the European Union* or, failing that, at the monthly accounting exchange rate established by the European Commission and published on its website, applicable on the day on which the payment order is issued by EMSA.

II.15.3 Costs of transfer

The costs of the transfer shall be borne in the following way:

- (a) costs of dispatch charged by the bank of EMSA shall be borne by EMSA,
- (b) cost of receipt charged by the bank of the contractor shall be borne by the contractor,
- (c) costs for repeated transfer caused by one of the parties shall be borne by the party causing repetition of the transfer.

II.15.4 Invoices and Value Added Tax

Invoices shall contain the contractor's identification, the amount, the currency and the date, as well as the FWC reference and reference to the order form or specific contract.

Invoices shall indicate the place of taxation of the contractor for value added tax (VAT) purposes and shall specify separately the amounts not including VAT and the amounts including VAT.

EMSA is, as a rule, exempt from all taxes and duties, including VAT, pursuant to the provisions of Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Union.

The contractor shall accordingly complete the necessary formalities with the relevant authorities to ensure that the supplies and services required for performance of the FWC are exempt from taxes and duties, including VAT exemption.

II.15.5 Pre-financing and performance guarantees:

Pre-financing guarantees shall remain in force until the pre-financing is cleared against interim payments or payment of the balance and, in case the latter takes the form of a debit note, three months after the debit note is notified to the contractor. EMSA shall release the guarantee within the following month.

Performance guarantees shall cover performance of the service in accordance with the terms set out in the request for services until its final acceptance by EMSA. The amount of the performance guarantee shall not exceed the total price of the order form or specific contract. The guarantee shall provide that it remains in force until final acceptance. EMSA shall release the guarantee within a month following the date of final acceptance.

Where, in accordance with Article I.4, a financial guarantee is required for the payment of pre-financing, or as performance guarantee, it shall fulfil the following conditions:

(a) the financial guarantee is provided by a bank or an approved financial institution or, at the request of the contractor and agreement by EMSA, by a third party;

(b) the guarantor stands as first-call guarantor and does not require EMSA to have recourse against the principal debtor (the contractor).

The cost of providing such guarantee shall be borne by the contractor.

II.15.6 Interim payments and payment of the balance:

The contractor shall submit an invoice for interim payment upon delivery of intermediary results, accompanied by a progress report or any other documents, as provided for in Article I.4 or in the tender specifications or in the order form or specific contract.

The contractor shall submit an invoice for payment of the balance within 60 days following the end of the period referred to in Article III.2.2, accompanied by a final progress report or any other documents provided for in Article I.4 or in the tender specifications or in the order form or specific contract.

Upon receipt, EMSA shall pay the amount due as interim or final payment, within the periods specified in Article I.4, provided the invoice and documents have been approved and without prejudice to Article II.15.7. Approval of the invoice and documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information they contain.

Payment of the balance may take the form of recovery.

II.15.7 Suspension of the time allowed for payment

EMSA may suspend the payment periods specified in Article I.4 at any time by notifying the contractor that its invoice cannot be processed, either because it does not comply with the provisions of the FWC, or because the appropriate documents have not been produced.

EMSA shall inform the contractor in writing as soon as possible of any such suspension, giving the reasons for it.

Suspension shall take effect on the date the notification is sent by EMSA. The remaining payment period shall start to run again from the date on which the requested information or revised documents are received or the necessary further verification, including on-the-spot checks, is carried out. Where the suspension period exceeds two months, the contractor may request EMSA to justify the continued suspension.

Where the payment periods have been suspended following rejection of a document referred to in the first paragraph and the new document produced is also rejected, EMSA reserves the right to terminate the order form or specific contract in accordance with Article II.14.1(c).

II.15.8 Interest on late payment

On expiry of the payment periods specified in Article I.4, and without prejudice to Article II.15.7, the contractor is entitled to interest on late payment at the rate

applied by the European Central Bank for its main refinancing operations in Euros (the reference rate) plus eight percentage points. The reference rate shall be the rate in force on the first day of the month in which the payment period ends, as published in the C series of the *Official Journal of the European Union*.

The suspension of the payment period in accordance with Article II.15.7 may not be considered as a late payment.

Interest on late payment shall cover the period running from the day following the due date for payment up to and including the date of actual payment as defined in Article II.15.1.

However, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the contractor only upon request submitted within two months of receiving late payment.

ARTICLE II.16 - REIMBURSEMENTS

II.16.1 Where provided by the special conditions or by the tender specifications, EMSA shall reimburse the expenses which are directly connected with execution of the tasks on production of original supporting documents, including receipts and used tickets

II.16.2 Travel expenses are reimbursed on the following basis:

- (a) The shortest and most economical normal route by rail (first class) between the seat of the contractor and the place where the task is to be executed.
- (b) If the journey includes at least six hours of night travel between 22:00 and 7:00, the cost of accommodation in a double sleeper.
- (c) Seat reservations and transport of necessary luggage, and supplements for high-speed trains.

- (g) Taxi fares are not reimbursed

II.16.3 Subsistence expenses are reimbursed on the following basis:

- (a) For journeys of less than 200 km (return trip) no subsistence expenses shall be payable.
- (b) Reimbursement of accommodation is based on actual costs of accommodation on production of an original invoice up to the ceiling as indicated in Annex IV per necessary over night stay related to the tasks executed. Accommodation shall be arranged and paid directly by the contractor.
- (c) Flat rate daily allowance as specified in Annex III shall be reimbursed for days during which the tasks are executed. This amount covers all expenses at the place where the tasks related to the contract are executed, including the cost of meals and local transport (incl. taxi).
- (d) Daily allowance for up to two days may be paid for extra over night stays necessary to qualify for a reduced transport fare through e.g. a stay over from Saturday to Sunday, provided the reduction amounts at least to the extra allowance paid.

II.16.4 The cost of shipment of equipment or unaccompanied luggage shall be reimbursed provided EMSA has given prior written authorisation.

II.16.5 Conversion between the euro and another currency shall be made as specified in Article II.5.2.

ARTICLE II.17 – RECOVERY

II.17.1 If an amount is to be recovered under the terms of the FWC, the contractor shall repay EMSA the amount in question according to the terms and by the date specified in the debit note.

II.17.2 If the obligation to pay the amount due is not honoured by the date set by EMSA in the debit note, the amount due shall bear interest at the rate indicated in Article II.15.8. Interest on late payments shall cover the period from the day following the due date for payment up to and including the date when EMSA receives the full amount owed.

Any partial payment shall first be entered against charges and interest on late payment and then against the principal amount.

II.17.3 If payment has not been made by the due date, EMSA may, after informing the contractor in writing, recover the amounts due by offsetting them against any amounts owed to the contractor by EMSA or by calling in the financial guarantee, where provided for in Article I.4 or in the specific contract.

ARTICLE II.18 – CHECKS AND AUDITS

II.18.1 EMSA and the European Anti-Fraud Office may check or carry out an audit on the performance of the FWC. It may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks and audits may be initiated during the performance of the FWC and during a period of five years which starts running from the date of expiry of the FWC.

The audit procedure shall be deemed to be initiated on the date of receipt of the relevant letter sent by EMSA. Audits shall be carried out on a confidential basis.

II.18.2 The contractor shall keep all original documents stored on any appropriate medium, including digitised originals when they are authorised by national law and under the conditions laid down therein, for a period of five years which starts running from the date of expiry of the FWC.

II.18.3 The contractor shall allow EMSA's staff and outside personnel authorised by EMSA the appropriate right of access to sites and premises where the FWC is performed and to all the information, including information in electronic format, needed in order to conduct such checks and audits. The contractor shall ensure that the information is readily available at the moment of the check or audit and, if so requested, that information be handed over in an appropriate form.

II.18.4 On the basis of the findings made during the audit, a provisional report shall be drawn up. It shall be sent to the contractor, which shall have 30 days following the date of receipt to submit observations. The final report shall be sent to the contractor within 60 days following the expiry of that deadline.

On the basis of the final audit findings, EMSA may recover all or part of the payments made and may take any other measures which it considers necessary.

II.18.5 By virtue of Council Regulation (Euratom, EC) No 2185/96 of 11 November 1996 concerning on-the-spot checks and inspection carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities and Regulation (EC) No 1073/1999 of the European Parliament and the Council of 25 May 1999 concerning investigation conducted by the European Anti-Fraud Office (OLAF), the OLAF may also carry out on the spot checks and inspections in accordance with the procedures laid down by Union law for the protection of the financial interests of the Union against fraud and other irregularities. Where appropriate, the findings may lead to recovery by EMSA.

II.18.6 The Court of Auditors shall have the same rights as EMSA, notably right of access, for the purpose of checks and audits.
