

Annex II - FRAMEWORK SERVICE CONTRACT

Attached to the Invitation to tender N° EMSA/OP/14/2014

for the provision of transportation, storage, maintenance and insurance for oil pollution response equipment

FRAMEWORK CONTRACT NUMBER – [complete]

The European Maritime Safety Agency (hereinafter referred to as "EMSA"), represented by Leendert Bal, Head of Operations - Department C,

on the one part, and

[full official name]

[official legal form]¹

[statutory registration number]²

[full official address]

[VAT registration number]

(hereinafter referred to as "the contractor"), [represented by [forename, surname and function,]]³

on the other part,

¹ Delete if contractor is a natural person or a body governed by public law.

² Delete if contractor is a body governed by public law. For natural persons, indicate the number of their identity card or, failing that, of their passport or equivalent.

³ In the case of a joint offer and provided the invitation to tender so specifies, the following clause should be added below the identification of the parties: "The parties identified above and hereinafter collectively referred to as 'the Contractor' shall be jointly and severally liable vis-à-vis EMSA for the performance of this contract".

HAVE AGREED

to the **special conditions**, the **general conditions for service framework contracts**, the model specific contract and the following annexes:

Annex I Tender specifications (reference No EMSA/OP/14/2014 of [*insert date*])

Annex II Contractor's tender (reference No [*complete*] of [*insert date*])

which form an integral part of this framework contract (hereinafter referred to as “the FWC”).

- The terms set out in the special conditions shall take precedence over those in the other parts of the FWC.
- The terms set out in the general conditions shall take precedence over those in the model specific contract. The terms set out in the model specific contract shall take precedence over those in the other Annexes.
- The terms set out in the tender specifications (Annex I) shall take precedence over those in the tender (Annex II).
- The terms set out in the framework contract shall take precedence over those in the specific contracts.

I - SPECIAL CONDITIONS

ARTICLE I.1 – SUBJECT MATTER

- I.1.1** The subject matter of the FWC is the storage, transportation, maintenance and insurance of oil pollution response equipment.
- I.1.2** Signature of the FWC imposes no obligation on EMSA to purchase. Only performance of the FWC through specific contracts is binding on EMSA.

ARTICLE I.2 – ENTRY INTO FORCE AND DURATION

- I.2.1** The FWC shall enter into force on the date on which it is signed by the last party.
- I.2.2** Under no circumstances may performance commence before the date on which the FWC enters into force. Execution of the tasks may under no circumstances begin before the date on which the specific contract enters into force.
- I.2.3** The FWC is concluded for a period of 20 months with effect from the date on which it enters into force. Unless otherwise specified, all periods specified in the FWC are calculated in calendar days.
- I.2.4** The specific contracts shall be signed by both parties before the FWC expires.

The FWC shall continue to apply to such specific contracts after its expiry. They shall be executed no later than six months after its expiry.

I.2.5 Extension

The duration of the Framework Contract may be extended under the same conditions by mutual agreement of the parties reached through a written amendment in accordance with article II.8 before expiry of the Framework Contract. Extension does not imply any modification or deferment of existing obligations.

ARTICLE I.3 – PRICES

- I.3.1** The maximum amount of the FWC shall be EUR [amount in figures and in words]. However, this must in no way be construed as a commitment on EMSA to purchase for the maximum amount.

The maximum prices of the services shall be:

- Maximum price for the storage area per square meter (P_s) per month: [amount in figures and in words];
- Maximum annual insurance premium rate per the equipment value ($P_{i\%}$). [amount in figures and in words];
- Maximum price per man day for the maintenance (P_m): [amount in figures and in words];
- Maximum price for transportation per kilometre and per lorry of 20 Tons (P_t): [amount in figures and in words].

The price will be detailed in each specific contract respecting these maximums per category of cost and unit price.

[if the option of test in water is offered add:

- *Maximum price for one testing of a boom: [amount in figures and in words];*
- *Maximum price for the testing of a skimmer: [amount in figures and in words];*
- *Maximum price for the testing of Sweeping arms: [amount in figures and in words].]*

ARTICLE I.4 – PAYMENT ARRANGEMENTS AND PERFORMANCE OF THE FRAMEWORK CONTRACT

I.4.1 Single framework contract

The specific Contracts for the initial services as specified under point 2.1.a of Annex I (Tender Specifications) should be signed by the parties on the same day they sign this Framework Contract.

For additional services, within 30 days from EMSA's request, the Contractor shall submit a description of the location of the additional storage and a quotation for the transportation costs of the equipment as per tender specifications in Annex I. Subject to EMSA approval of the description of the storage and of the transportation quotation, the specific contract will be sent to the Contractor. Within 14 days of the specific contract being sent by EMSA to the Contractor, EMSA shall receive it back, duly signed and dated.

The period allowed for the execution of the tasks shall start to run on the date the contractor signs the specific contract, unless a different date is indicated on the specific contract.

I.4.2 Interim payments

At the end of every period of 90 calendar days of service within a specific contract, the contractor shall submit an invoice for an interim payment equal to the value of the services provided during that period.

EMSA shall make the payment within 30 days from receipt of the invoice.

I.4.3 Payment of the balance

Within 30 days following expiration of a specific contract, the contractor shall submit an invoice for payment of the balance of the total price referred to in the relevant specific contract.

EMSA shall make the payment within 30 days from receipt of the invoice.

I.4.4 Payment modalities

Any other payment modalities will be addressed in the relevant specific contract when deemed necessary.

ARTICLE I.5 – BANK ACCOUNT

Payments shall be made to the contractor's bank account denominated in [euro]⁴ identified as follows:

Name of bank: [complete]

Full address of branch : [complete]

Exact designation of account holder: [complete]

⁴ Or local currency where the receiving country does not allow transactions in EUR.

Full account number including [bank] codes: [complete]
[IBAN⁵ code: [complete]]

ARTICLE I.6 – COMMUNICATION DETAILS AND DATA CONTROLLER

For the purpose of Article II.6, the data controller shall be Bernd Bluhm, Head of Unit – Pollution Response Services.

Communications shall be sent to the following addresses:

EMSA:

European Maritime Safety Agency
Bernd Bluhm
Head of Unit – Pollution Response Services
Praça Europa 4
1249-206 Lisbon
Portugal

Contractor:

[Full name]
[Function]
[Company name]
[Full official address]
Email: [complete]

ARTICLE I.7 – APPLICABLE LAW AND SETTLEMENT OF DISPUTES

I.7.1 The FWC shall be governed by Union law, complemented, where necessary, by the law of Portugal.

I.7.2 Any dispute between the parties in relation to the interpretation, application or validity of the FWC which cannot be settled amicably shall be brought before the courts of Lisbon, Portugal.

ARTICLE I.8 - EXPLOITATION OF THE RESULTS OF THE CONTRACT

[Not applicable]

ARTICLE I.9 – TERMINATION BY EITHER PARTY

Either party may, unilaterally and without being required to pay compensation, terminate either the FWC or the FWC and specific contracts by notifying the other party and by giving six months' notice. Should EMSA terminate the FWC or specific contracts, the contractor shall only be entitled to payment corresponding to the part-performance of the services ordered before the termination date. The first paragraph of Article II.14.3 shall apply.

ARTICLE I.10 – INTER-INSTITUTIONAL FRAMEWORK CONTRACT

⁵ BIC or SWIFT code for countries with no IBAN code.

[Not applicable]

ARTICLE I.11 – E-PROCUREMENT

The execution of the contract between EMSA and the contractor may be automated by the use of one or more of the following applications: e-Request, e-Catalogue, e-Ordering and e-Fulfilment and e-Invoicing.

At the request of EMSA, the use of the above applications may be mandatory during the lifetime of the contract.

ARTICLE I.12 – OTHER SPECIAL CONDITIONS

I.12.1. Title

Title to and ownership of the equipment is and shall remain with EMSA. The Contractor shall as possessor of the equipment exercise proper custody, care and safekeeping of the equipment.

The Contractor shall neither remove nor permit removal of any serial number, model number, label, name or any identification of ownership.

The Contractor will warrant and defend the possession of the equipment against claims and demands from any third party.

The Contractor is not entitled to dispose of the equipment or to use it as collateral for any loan or to pledge the equipment as security for any debt or to mortgage the same or otherwise to transfer or to assign the same to a third party.

I.12.2. Equipment handover and storage conditions

On the date indicated in the relevant specific contract, the Contractor or his carrier, in case transportation is needed, will perform a visual check of the equipment and will take possession of the equipment at its location as indicated in the relevant specific contract. On this date, the Contractor or his agent or servant will note the quantity as well as the condition of the equipment items using the Equipment List which will be annexed to the relevant specific contract.

The handover may be witnessed by EMSA.

The Contractor shall ensure that all amenities, facilities and conditions required for the storage of the equipment as detailed in Annex I (Tender Specifications) are in place. Special care must be taken by the Contractor regarding security and safety in the storage area to avoid any loss and/or damage to the equipment. The Contractor will be liable for loss and/or any damage caused to or by the equipment during the execution of the relevant specific contract (s) or any extension as per article I.2.5 as the case may be.

I.12.3. Equipment maintenance and project management

The Contractor shall preserve and maintain the equipment clean *[if option is offered add: and perform test in water services for potential additional oil pollution response equipment items]* in line with the Tender Specifications (Annex I) and the Contractor's tender (Annex II).

The Contractor shall immediately inform EMSA about any damage or loss sustained by the equipment.

As of receipt of the equipment, the Contractor shall proceed to monthly check of the equipment.

EMSA has at any time during business hours the right to visit and inspect the stored equipment giving a one-week notice to the Contractor. Costs incurred by the Contractor related to potential visits by EMSA are covered by the terms and conditions of this Contract and any associated specific contract. No additional funds will be available.

I.12.4. Return of the equipment

EMSA may prior to the expiration of a relevant specific contract or on the date of early termination of this Contract require the Contractor to make the equipment available, packed and ready for transportation on the date specified by EMSA in the notice. On that date, EMSA may send a representative and/or inform the Contractor in writing of the name and position of the third party entitled to receive the equipment.

The equipment shall be returned in the condition in which it was received, except normal wear and tear. The equipment list provided together with the relevant specific contract shall be used on the date of return to note the quantity of equipment.

Prior to such delivery, risk of loss of or damage to the oil pollution response equipment shall remain with the Contractor.

If at the time of return, the equipment (or any part of it) has not been maintained in the condition as required by the Contract the Contractor shall indemnify EMSA for all costs reasonably incurred by it in restoring the equipment or any part of it if it cannot be so restored at a cost below the cost of replacement. This provision shall be in addition to any other rights which EMSA may have arising from the Contractor's failure to maintain the oil pollution response equipment during the period of the Contract.

II – GENERAL CONDITIONS FOR SERVICE FRAMEWORK CONTRACTS

ARTICLE II.1 – PERFORMANCE OF THE FWC

- II.1.1** The contractor shall perform the FWC to the highest professional standards.
- II.1.2** The contractor shall be solely responsible for taking the necessary steps to obtain any permit or licence required for performance of the FWC under the laws and regulations in force at the place where the tasks assigned to him are to be executed.
- II.1.3** Without prejudice to Article II.4 any reference made to the contractor's personnel in the FWC shall relate exclusively to individuals involved in the performance of the FWC.
- II.1.4** The contractor must ensure that the personnel performing the FWC possesses the professional qualifications and experience required for the execution of the tasks assigned to it.
- II.1.5** The contractor shall neither represent EMSA nor behave in any way that would give such an impression. The contractor shall inform third parties that it does not belong to the European public service.
- II.1.6** The contractor shall be solely responsible for the personnel who executes the tasks assigned to him.

The contractor shall stipulate the following employment or service relationships with its personnel:

(a) personnel executing the tasks assigned to the contractor may not be given orders direct by EMSA;

(b) EMSA may not under any circumstances be considered to be the employer of the personnel referred to in point (a) and the personnel shall undertake not to invoke against EMSA any right arising from the contractual relationship between EMSA and the contractor.

- II.1.7** In the event of disruption resulting from the action of one of the contractor's personnel working on EMSA's premises or in the event that the expertise of one of the contractor's personnel fails to correspond to the profile required by the FWC, the contractor shall replace him without delay. EMSA shall have the right to make a reasoned request for the replacement of any such personnel. The replacement personnel must have the necessary qualifications and be capable of performing the FWC under the same contractual conditions. The contractor shall be responsible for any delay in the execution of the tasks assigned to him resulting from the replacement of personnel
- II.1.8** Should the execution of the tasks be directly or indirectly hampered, either partially or totally, by any unforeseen event, action or omission, the contractor shall immediately and on its own initiative record it and report it to EMSA. The report shall include a description of the problem and an indication of the date on which it started and of the remedial action taken by the contractor to ensure full compliance with its obligations under this FWC. In such an event the contractor shall give priority to solving the problem rather than determining liability.
- II.1.9** Should the contractor fail to perform its obligations under the FWC or order form or specific contract, EMSA may without prejudice to its right to terminate the FWC order form or specific contract or reduce or recover payments in proportion to the scale of the unperformed obligations. In addition, EMSA may claim compensation or impose liquidated damages in accordance with Article II.12.

ARTICLE II.2 – MEANS OF COMMUNICATION

II.2.1 Any communication relating to the FWC or to its performance shall be made in writing and shall bear the FWC number, and if applicable the order form or specific contract number. Any communication is deemed to have been made when it is received by the receiving party unless otherwise provided for in this FWC.

II.2.2 Electronic communication shall be deemed to have been received by the parties on the day of dispatch of that communication provided it is sent to the addressees listed in Article I.6. Without prejudice to the preceding, if the sending party receives a message of non-delivery to or of absence of the addressee, it shall make every effort to ensure the actual receipt of such communication by the other party.

Electronic communication shall be confirmed by an original signed paper version of that communication if requested by any of the parties provided that this request is submitted without unjustified delay. The sender shall send the original signed paper version without unjustified delay.

II.2.3 Mail sent using the postal services is deemed to have been received by EMSA on the date on which it is registered by the department responsible referred to in Article I.6.

Any formal notification shall be made by registered mail with return receipt or equivalent, or by equivalent electronic means.

ARTICLE II.3 – LIABILITY

II.3.1 The contractor shall be solely responsible for complying with any legal obligations incumbent on it.

II.3.2 EMSA shall not be held liable for any damage caused or sustained by the contractor, including any damage caused by the contractor to third parties during or as a consequence of performance of the FWC, except in the event of wilful misconduct or gross negligence on the part of EMSA.

II.3.3 The contractor shall be liable for any loss or damage sustained by EMSA and its property in performance of the FWC, including in the event of subcontracting, and for any claim by a third party, but only to an amount not exceeding three times the total amount of the relevant order form or specific contract. Nevertheless, if the damage or loss is caused by the gross negligence or wilful misconduct of the contractor or by its personnel or subcontractors, the contractor shall have unlimited liability for the amount of the damage or loss.

II.3.4 The contractor shall indemnify and hold EMSA harmless for all damages and costs incurred due to any claim. The contractor shall provide compensation in the event of any action, claim or proceeding brought against EMSA by a third party as a result of damage caused by the contractor during the performance of the FWC. In the event of any action brought by a third party against EMSA in connection with the performance of the FWC including any alleged breach of intellectual property rights, the contractor shall assist EMSA. Such expenditure incurred by the contractor may be borne by EMSA.

II.3.5 The contractor shall take out insurance policy against risks and damage relating to performance of the FWC if required by the relevant applicable legislation. It shall take out supplementary insurance as reasonably required by standard practice in the industry. A copy of all the relevant insurance contracts shall be sent to EMSA should it so request.

This includes as a minimum taking out full risk insurance for the equipment. The equipment insured value shall not be less than the equipment value as indicated in the equipment list provided together with the relevant specific contract. The insurance shall cover any damage, loss, theft or liability during [transportation], storage, handling or any activity in which damage can occur.

EMSA shall be indicated as additional assured.

ARTICLE II.4 – CONFLICT OF INTERESTS

- II.4.1** The contractor shall take all necessary measures to prevent any situation of conflict of interest. Such situation arises where the impartial and objective performance of the FWC is compromised for reasons involving economic interest, political or national affinity, family or emotional ties, or any other shared interest.
- II.4.2** Any situation constituting or likely to lead to a conflict of interest during the performance of the FWC shall be notified to EMSA in writing without delay. The contractor shall immediately take all necessary steps to rectify the situation. EMSA reserves the right to verify that the steps taken are appropriate and may require that additional steps be taken within a specified deadline.
- II.4.3** The contractor declares that it has not granted and will not grant, has not sought and will not seek, has not attempted and will not attempt to obtain and has not accepted and will not accept, any advantage, financial or in kind, to or from any party whatsoever, when such advantage constitutes an illegal practice or involves corruption, either directly or indirectly, in so far as it serves as an incentive or reward relating to performance of the FWC.
- II.4.4** The contractor shall pass on all the relevant obligations in writing to its personnel and to any natural person with the power to represent it or take decisions on its behalf and ensure that it is not placed in a situation which could give rise to conflicts of interest. The contractor shall also pass on all the relevant obligations in writing to third parties involved in the performance of the FWC including subcontractors.

ARTICLE II.5 – CONFIDENTIALITY

- II.5.1** EMSA and the contractor shall treat with confidentiality any information and documents, in any form, disclosed in writing or orally in relation to the performance of the FWC and identified in writing as confidential.

The contractor shall:

- (a) not use confidential information and documents for any purpose other than fulfilling its obligations under the FWC, order form or specific contract without prior written agreement of EMSA;
 - (b) ensure the protection of such confidential information and documents with the same level of protection it uses to protect its own confidential information, but in no case any less than reasonable care;
 - (c) not disclose directly or indirectly confidential information and documents to third parties without prior written agreement of EMSA.
- II.5.2** The confidentiality obligation set out in Article II.5.1 shall be binding on EMSA and the contractor during the performance of the FWC and for five years starting from the date of the payment of the balance unless:
- (a) the disclosing party agrees to release the other party from the confidentiality obligation earlier;
 - (b) the confidential information becomes public through other means than in breach of the confidentiality obligation, through disclosure by the party bound by that obligation;
 - (c) the disclosure of the confidential information is required by law.
- II.5.3** The contractor shall obtain from any natural person with the power to represent it or take decisions on its behalf, as well as from third parties involved in the performance of the FWC,

order form or specific contract an undertaking that they will comply with the confidentiality obligation set out in Article II.5.1.

ARTICLE II.6 – PROCESSING OF PERSONAL DATA

- II.6.1** Any personal data included in the FWC shall be processed pursuant to Regulation (EC) 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data. Such data shall be processed by the data controller solely for the purposes of the performance, management and monitoring of the FWC without prejudice to its possible transmission to the bodies charged with monitoring or inspection tasks in application of Union law.
- II.6.2** The contractor shall have the right to access its personal data and the right to rectify any such data. The contractor should address any queries concerning the processing of its personal data to the data controller.
- II.6.3** The contractor shall have right of recourse at any time to the European Data Protection Supervisor.
- II.6.4** Where the FWC requires the processing of personal data by the contractor, the contractor may act only under the supervision of the data controller, in particular with regard to the purposes of the processing, the categories of data which may be processed, the recipients of the data and the means by which the data subject may exercise his rights.
- II.6.5** The contractor shall grant personnel access to the data to the extent strictly necessary for the performance, management and monitoring of the FWC.
- II.6.6** The contractor undertakes to adopt appropriate technical and organisational security measures having regard to the risks inherent in the processing and to the nature of the personal data concerned in order to:
- a) prevent any unauthorised person from having access to computer systems processing personal data, and especially:
 - (i) unauthorised reading, copying, alteration or removal of storage media;
 - (ii) unauthorised data input as well as any unauthorised disclosure, alteration or erasure of stored personal data;
 - (iii) unauthorised using of data-processing systems by means of data transmission facilities;
 - b) ensure that authorised users of a data-processing system can access only the personal data to which their access right refers;
 - c) record which personal data have been communicated, when and to whom;
 - d) ensure that personal data being processed on behalf of third parties can be processed only in the manner prescribed by EMSA;
 - e) ensure that, during communication of personal data and transport of storage media, the data cannot be read, copied or erased without authorisation;
 - f) design its organisational structure in such a way that it meets data protection requirements.

ARTICLE II.7 – SUBCONTRACTING

- II.7.1** The contractor shall not subcontract without prior written authorisation from EMSA nor cause the FWC to be de facto performed by third parties.
- II.7.2** Even where EMSA authorises the contractor to subcontract to third parties, it shall nevertheless remain bound by its contractual obligations and shall be solely responsible for the proper performance of this FWC.
- II.7.3** The contractor shall make sure that the subcontract does not affect rights and guarantees granted to EMSA by virtue of this FWC, notably by Article II.18.

ARTICLE II.8 – AMENDMENTS

- II.8.1** Any amendment to the FWC or order form or specific contract shall be made in writing before fulfilment of all contractual obligations. An order form or a specific contract may not be deemed to constitute an amendment to the FWC.
- II.8.2** The amendment may not have the purpose or the effect of making changes to the FWC or to order forms or specific contracts which might call into question the decision awarding the FWC, order form or specific contract or result in unequal treatment of tenderers or contractors.

ARTICLE II.9 – ASSIGNMENT

- II.9.1** The contractor shall not assign the rights including claims for payments, and obligations arising from the FWC, in whole or in part, without prior written authorisation from EMSA.
- II.9.2** In the absence of such authorisation, or in the event of failure to observe the terms thereof, the assignment of rights or obligations by the contractor shall not be enforceable against EMSA and shall have no effect on it.

ARTICLE II.10 – OWNERSHIP OF THE RESULTS – INTELLECTUAL AND INDUSTRIAL PROPERTY RIGHTS

II.10.1 Definitions

In this FWC the following definitions apply:

- (1) 'results' means any intended outcome of the performance of the FWC which is delivered and finally accepted by EMSA.
- (2) 'creator' means any natural person who contributed to the production of the result and includes personnel of EMSA or a third party.
- (3) 'pre-existing rights' means any industrial and intellectual property rights, including background technology, which exist prior to EMSA or the contractor ordering them for the purpose of the FWC performance and include rights of ownership and use by the contractor, the creator, EMSA and any other third parties.

II.10.2 Ownership of the results

The ownership of the results shall be fully and irrevocably acquired by EMSA under the FWC including any rights in any of the results listed in the FWC and order forms or specific contracts, including copyright and other intellectual or industrial property rights, and all technological solutions and information contained therein, produced in performance of the FWC. EMSA may exploit them as stipulated in this FWC or order forms or specific contracts. All the rights shall be acquired by EMSA from the moment the results are delivered by the contractor and accepted by EMSA. Such delivery and acceptance are deemed to constitute an effective assignment of rights from the contractor to EMSA.

The payment of the price as set out in the order forms or specific contracts is deemed to include any fees payable to the contractor in relation to the acquisition of ownership of rights by EMSA including all forms of use of the results.

The acquisition of ownership of rights by EMSA under this FWC covers all territories worldwide.

Any intermediary sub-result, raw data, intermediary analysis made available by the contractor cannot be used by EMSA without the written consent of the contractor, unless the FWC or specific contract or order form explicitly provides for it to be treated as self-contained result.

II.10.3 Licensing of pre-existing rights

EMSA shall not acquire ownership of the pre-existing rights.

The contractor shall license the pre-existing rights on a royalty-free, non-exclusive and irrevocable basis to EMSA which may use the pre-existing right as foreseen in Article I.8.1 or in order forms or specific contracts. All the pre-existing rights shall be licensed to EMSA from the moment the results were delivered and accepted by EMSA.

The licensing of pre-existing rights to EMSA under this FWC covers all territories worldwide and is valid for the whole duration of intellectual property rights protection.

II.10.4 Modes of exploitation

EMSA shall acquire ownership of each of the results produced as an outcome of the FWC which may be used for any of the following purposes:

- (a) giving access upon individual requests without the right to reproduce or exploit, as provided for by Regulation 1049/2001 of the European Parliament and of the Council of 30 May 2001 regarding public access to European Parliament, Council and Commission documents;
- (b) storage of the original and copies made in accordance with this FWC or specific contract or order form;
- (c) archiving in line with the document management rules applicable to EMSA.

II.10.5 Identification and evidence of granting of pre-existing rights and rights of third parties

When delivering the results, the contractor shall warrant that they are free of rights or claims from creators and third parties including in relation to pre-existing rights, for any use envisaged by EMSA. This does not concern the moral rights of natural persons.

The contractor shall establish to that effect a list of all pre-existing rights and rights of creators and third parties on the results of this FWC or parts thereof. This list shall be provided no later than the date of delivery of the final results.

In the results the contractor shall clearly point out all quotations of existing textual works. The complete reference should include as appropriate: name of the author, title of the work, date and place of publishing, date of creation, address of publication on internet, number, volume and other information which allows the origin to be easily identified.

Upon request by EMSA, the contractor shall provide evidence of ownership or rights to use all the listed pre-existing rights and rights of third parties except for the rights owned by EMSA.

This evidence may refer, inter alia, to rights to: parts of other documents, images, graphs, tables, data, software, technical inventions, know-how etc. (delivered in paper, electronic or other form), IT development tools, routines, subroutines and/or other programs ("background technology"), concepts,

designs, installations or pieces of art, data, source or background materials or any other parts of external origin.

The evidence shall include, as appropriate:

- (a) the name and version number of a software product;
- (b) the full identification of the work and its author, developer, creator, translator, data entry person, graphic designer, publisher, editor, photographer, producer;
- (c) a copy of the licence to use the product or of the agreement granting the relevant rights to the contractor or a reference to this licence;
- (d) a copy of the agreement or extract from the employment contract granting the relevant rights to the contractor where parts of the results were created by its personnel;
- (e) the text of the disclaimer notice if any.

Provision of evidence does not release the contractor from its responsibilities in case it is found that it does not hold the necessary rights, regardless of when and by whom this fact was revealed.

The contractor also warrants that it possesses the relevant rights or powers to execute the transfer and that it has paid or has verified payment of all due fees including fees due to collecting societies, related to the final results.

II.10.6 Creators

By delivering the results the contractor warrants that the creators undertake not to oppose that their names be recalled when the results are presented to the public and confirms that the results can be divulged. Names of authors shall be recalled on request in the manner communicated by the contractor to EMSA.

The contractor shall obtain the consent of creators regarding the granting of the relevant rights and be ready to provide documentary evidence upon request.

II.10.7 Persons appearing in photographs or films

If natural, recognisable persons appear in a result or their voice is recorded the contractor shall submit a statement of these persons (or of the persons exercising parental authority in case of minors) where they give their permission for the described use of their image or voice on request by EMSA. This does not apply to persons whose permission is not required in line with the law of the country where photographs were taken, films shot or audio records made.

II.10.8 Copyright for pre-existing rights

When the contractor retains pre-existing rights on parts of the results, reference shall be inserted to that effect when the result is used as set out in Article I.8.1 with the following disclaimer: © - year – EMSA. All rights reserved. Certain parts are licensed under conditions to EMSA.

II.10.9 Visibility of EMSA funding and disclaimer

When making use of the results, the contractor shall declare that they have been produced within a contract with EMSA and that the opinions expressed are those of the contractor only and do not represent EMSA's official position. EMSA may waive this obligation in writing.

ARTICLE II.11 – FORCE MAJEURE

- II.11.1** 'Force majeure' means any unforeseeable and exceptional situation or event beyond the parties' control which prevents either of them from fulfilling any of their obligations under the FWC, which was not attributable to error or negligence on their part or on the part of a subcontractors, which proves to be inevitable in spite of exercising due diligence. Any default of a service, defect in equipment or material or delays in making them available, unless they stem directly from a relevant case of force majeure, as well as labour disputes, strikes or financial difficulties, cannot be invoked as force majeure.
- II.11.2** A party faced with force majeure shall notify the other party without delay, stating the nature, likely duration and foreseeable effects.
- II.11.3** The party faced with force majeure shall not be held in breach of its contractual obligations if it has been prevented from fulfilling them by force majeure. Where the contractor is unable to fulfil its contractual obligations owing to force majeure, it shall have the right to remuneration only for the tasks actually executed.
- II.11.4** The parties shall take all the necessary measures to limit any damage due to force majeure.

ARTICLE II.12 – LIQUIDATED DAMAGES

EMSA may impose liquidated damages should the contractor fail to complete its contractual obligations, also with regard to the required quality level, according to the tender specifications.

Should the contractor fail to perform its contractual obligations within the time-limits set by the FWC or the relevant order form or specific contract, then, without prejudice to the contractor's actual or potential liability or to EMSA's right to terminate the FWC or the relevant order form or specific contract, EMSA may impose liquidated damages for each and every calendar day of delay according to the following formula:

$$0.3 \times (V/d)$$

V is the price of the relevant purchase;

d is the duration specified in the relevant order form or specific contract or, failing that, the period between the date specified in Article I.4.1 and the date of delivery or performance specified in the relevant order form or specific contract, expressed in calendar days

The contractor may submit arguments against this decision within 30 days of receipt of the formal notification. In the absence of a reaction on its part or of written withdrawal by EMSA within 30 days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable.

The parties expressly acknowledge and agree that any sums payable under this article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses incurred due to failure to fulfil obligations which may be reasonably anticipated.

ARTICLE II.13 – SUSPENSION OF THE PERFORMANCE OF THE FWC

II.13.1 Suspension by the contractor

The contractor may suspend the performance of the FWC or order form or specific contract or any part thereof if a case of force majeure makes such performance impossible or excessively difficult. The contractor shall inform EMSA about the suspension without delay, giving all the necessary reasons and details and the envisaged date for resuming the performance of the FWC, order form or specific contract.

Once the circumstances allow resuming performance, the contractor shall inform EMSA immediately, unless EMSA has already terminated the FWC, order form or specific contract.

II.13.2 Suspension by EMSA

EMSA may suspend the performance of the FWC or order form or specific contract or any part thereof:

- (a) if the FWC or order form or specific contract award procedure or the performance of the FWC prove to have been subject to substantial errors, irregularities or fraud;
- (b) in order to verify whether presumed substantial errors, irregularities or fraud have actually occurred.

Suspension shall take effect on the day the contractor receives formal notification, or at a later date where the notification so provides. EMSA shall as soon as possible give notice to the contractor to resume the service suspended or inform the contractor that it is proceeding with the termination of the FWC or order form or specific contract. The contractor shall not be entitled to claim compensation on account of suspension of the FWC or order form or specific contract or of part thereof.

ARTICLE II.14 – TERMINATION OF THE FWC

II.14.1 Grounds for termination

EMSA may terminate the FWC, an order form or a specific contract respectively in the following circumstances:

- (a) if a change to the contractor's legal, financial, technical or organisational or ownership situation is likely to affect the performance of the FWC or order form or specific contract substantially or calls into question the decision to award the FWC.
- (b) if execution of the tasks under a pending order form or a specific contract has not actually commenced within 15 days of the date foreseen, and the new date proposed, if any, is considered unacceptable by EMSA, taking into account article II.8.2;
- (c) if the contractor does not perform the FWC or an order form or specific contract as established in the tender specifications or request for service or fails to fulfil another substantial contractual obligation; termination of three or more order forms or specific contracts on this ground shall constitute ground for termination of the FWC;
- (d) in the event of force majeure notified in accordance with article II.11 or if the performance of the FWC or order form or specific contract has been suspended by the contractor as a result of force majeure, notified in accordance with article II.13, where either resuming performance is impossible or the modifications to the FWC or order form or specific contract might call into question the decision awarding the FWC or order form or specific contract, or result in unequal treatment of tenderers or contractors;
- (e) if the contractor is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;

- (f) if the contractor or any natural person with the power to represent it or take decisions on its behalf has been found guilty of professional misconduct proven by any means;
- (g) if the contractor is not in compliance with its obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which it is established or with those of the country of the applicable law of this FWC or those of the country where the FWC is to be performed;
- (h) if EMSA has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed fraud, corruption, or are involved in a criminal organisation, money laundering or any other illegal activity;
- (i) if EMSA has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed substantial errors, irregularities or fraud in the award procedure or the performance of the FWC, including in the event of submission of false information;
- (j) if the contractor is unable, through its own fault, to obtain any permit or licence required for performance of the FWC or order form or specific contract;
- (k) if the needs of EMSA change and it no longer requires new services under the FWC;
- (l) when due to the termination of the FWC with one or more of the contractors there is no minimum required competition within the multiple framework contract with reopening of competition.

II.14.2 Procedure for termination

When EMSA intends to terminate the FWC or order form or specific contract it shall notify the contractor of its intention specifying the grounds thereof. EMSA shall invite the contractor to make any observations and, in the case of point (c) of Article II.14.1, to inform EMSA about the measures taken to continue the fulfilment of its contractual obligations, within 30 days from receipt of the notification.

If EMSA does not confirm acceptance of these observations by giving written approval within 30 days of receipt, the termination procedure shall proceed. In any case of termination EMSA shall notify the contractor about its decision to terminate the FWC or order form or specific contract. In the cases referred to in points (a), (b), (c), (e), (g), (j), (k) and (l) of Article II.14.1 the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (d), (f), (h), and (i) of Article II.14.1 the termination shall take effect on the day following the date on which notification of termination is received by the contractor.

II.14.3 Effects of termination:

In the event of the contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the notification of termination the contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce its commitments. The contractor shall have 60 days from the date of termination to draw up the documents required by the special conditions or order forms or specific contracts for the tasks already executed on the date of termination and produce an invoice if necessary. EMSA may recover any amounts paid under the FWC.

EMSA may claim compensation for any damage suffered in the event of termination.

On termination EMSA may engage any other contractor to execute or complete the services. EMSA shall be entitled to claim from the contractor all extra costs incurred in this regard, without prejudice to any other rights or guarantees it may have under the FWC.

ARTICLE II.15 – REPORTING AND PAYMENTS

II.15.1 Date of payment

Payments shall be deemed to be effected on the date when they are debited EMSA's account.

II.15.2 Currency

The FWC shall be in euros.

Payments shall be executed in euros or in the local currency as provided for in Article I.5.

Conversion between the euro and another currency shall be made according to the daily euro exchange rate published in the *Official Journal of the European Union* or, failing that, at the monthly accounting exchange rate established by the European Commission and published on its website, applicable on the day on which the payment order is issued by EMSA.

II.15.3 Costs of transfer

The costs of the transfer shall be borne in the following way:

- (a) costs of dispatch charged by the bank of EMSA shall be borne by EMSA,
- (b) cost of receipt charged by the bank of the contractor shall be borne by the contractor,
- (c) costs for repeated transfer caused by one of the parties shall be borne by the party causing repetition of the transfer.

II.15.4 Invoices and Value Added Tax

Invoices shall contain the contractor's identification, the amount, the currency and the date, as well as the FWC reference and reference to the order form or specific contract.

Invoices shall indicate the place of taxation of the contractor for value added tax (VAT) purposes and shall specify separately the amounts not including VAT and the amounts including VAT.

EMSA is, as a rule, exempt from all taxes and duties, including VAT, pursuant to the provisions of Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Union.

The contractor shall accordingly complete the necessary formalities with the relevant authorities to ensure that the supplies and services required for performance of the FWC are exempt from taxes and duties, including VAT exemption.

II.15.5 Pre-financing and performance guarantees

Pre-financing guarantees shall remain in force until the pre-financing is cleared against interim payments or payment of the balance and, in case the latter takes the form of a debit note, three months after the debit note is notified to the contractor. EMSA shall release the guarantee within the following month.

Performance guarantees shall cover performance of the service in accordance with the terms set out in the request for services until its final acceptance by EMSA. The amount of the performance guarantee shall not exceed the total price of the order form or specific contract. The guarantee shall

provide that it remains in force until final acceptance. EMSA shall release the guarantee within 30 days following the date of final acceptance.

Where, in accordance with Article I.4, a financial guarantee is required for the payment of pre-financing, or as performance guarantee, it shall fulfil the following conditions:

- (a) the financial guarantee is provided by a bank or an approved financial institution or, at the request of the contractor and agreement by EMSA, by a third party;
- (b) the guarantor stands as first-call guarantor and does not require EMSA to have recourse against the principal debtor (the contractor).

The cost of providing such guarantee shall be borne by the contractor.

II.15.6 Interim payments and payment of the balance

At the end of every period of 90 calendar days of service within a specific contract, the contractor shall submit an invoice for an interim payment equal to the value of the service provided during that period.

The contractor shall submit an invoice for payment of the balance within 30 days following expiration of a specific contract accompanied by any other documents provided in the tender specifications or in the order form or specific contract.

Upon receipt, EMSA shall pay the amount due, within the periods specified in Article I.4, provided the invoice and documents have been approved and without prejudice to Article II.15.7. Approval of the invoice and documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information they contain.

Payment of the balance may take the form of recovery.

II.15.7 Suspension of the time allowed for payment

EMSA may suspend the payment periods specified in Article I.4 at any time by notifying the contractor that its invoice cannot be processed, either because it does not comply with the provisions of the FWC, or because the appropriate documents have not been produced.

EMSA shall inform the contractor in writing as soon as possible of any such suspension, giving the reasons for it.

Suspension shall take effect on the date the notification is sent by EMSA. The remaining payment period shall start to run again from the date on which the requested information or revised documents are received or the necessary further verification, including on-the-spot checks, is carried out. Where the suspension period exceeds two months, the contractor may request EMSA to justify the continued suspension.

Where the payment periods have been suspended following rejection of a document referred to in the first paragraph and the new document produced is also rejected, EMSA reserves the right to terminate the order form or specific contract in accordance with Article II.14.1(c).

II.15.8 Interest on late payment

On expiry of the payment periods specified in Article I.4, and without prejudice to Article II.15.7, the contractor is entitled to interest on late payment at the rate applied by the European Central Bank for its main refinancing operations in Euros (the reference rate) plus eight percentage points. The

reference rate shall be the rate in force on the first day of the month in which the payment period ends, as published in the C series of the *Official Journal of the European Union*.

The suspension of the payment period in accordance with Article II.15.7 may not be considered as a late payment.

Interest on late payment shall cover the period running from the day following the due date for payment up to and including the date of actual payment as defined in Article II.15.1.

However, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the contractor only upon request submitted within two months of receiving late payment.

ARTICLE II.16 - REIMBURSEMENTS

Where provided by the special conditions or by the tender specifications, EMSA shall reimburse the expenses which are directly connected with execution of the tasks on production of original supporting documents, including receipts and used tickets.

ARTICLE II.17 – RECOVERY

II.17.1 If an amount is to be recovered under the terms of the FWC, the contractor shall repay EMSA the amount in question according to the terms and by the date specified in the debit note.

II.17.2 If the obligation to pay the amount due is not honoured by the date set by EMSA in the debit note, the amount due shall bear interest at the rate indicated in Article II.15.8. Interest on late payments shall cover the period from the day following the due date for payment up to and including the date when EMSA receives the full amount owed.

Any partial payment shall first be entered against charges and interest on late payment and then against the principal amount.

II.17.3 If payment has not been made by the due date, EMSA may, after informing the contractor in writing, recover the amounts due by offsetting them against any amounts owed to the contractor by EMSA or by calling in the financial guarantee, where provided for in Article I.4 or in the specific contract.

ARTICLE II.18 – CHECKS AND AUDITS

II.18.1 EMSA and the European Anti-Fraud Office may check or carry out an audit on the performance of the FWC. It may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks and audits may be initiated during the performance of the FWC and during a period of five years which starts running from the date of expiry of the FWC.

The audit procedure shall be deemed to be initiated on the date of receipt of the relevant letter sent by EMSA. Audits shall be carried out on a confidential basis.

II.18.2 The contractor shall keep all original documents stored on any appropriate medium, including digitised originals when they are authorised by national law and under the conditions laid down therein, for a period of five years which starts running from the date of expiry of the FWC.

II.18.3 The contractor shall allow EMSA's staff and outside personnel authorised by EMSA the appropriate right of access to sites and premises where the FWC is performed and to all the information, including information in electronic format, needed in order to conduct such checks and audits. The contractor shall ensure that the information is readily available at the moment of the check or audit and, if so requested, that information be handed over in an appropriate form.

II.18.4 On the basis of the findings made during the audit, a provisional report shall be drawn up. It shall be sent to the contractor, which shall have 30 days following the date of receipt to submit observations. The final report shall be sent to the contractor within 60 days following the expiry of that deadline.

On the basis of the final audit findings, EMSA may recover all or part of the payments made and may take any other measures which it considers necessary.

II.18.5 By virtue of Council Regulation (Euratom, EC) No 2185/96 of 11 November 1996 concerning on-the-spot checks and inspection carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities and Regulation (EC) No 1073/1999 of the European Parliament and the Council of 25 May 1999 concerning investigation conducted by the European Anti-Fraud Office (OLAF), the OLAF may also carry out on the spot checks and inspections in accordance with the procedures laid down by Union law for the protection of the financial interests of the Union against fraud and other irregularities. Where appropriate, the findings may lead to recovery by EMSA.

II.18.6 The Court of Auditors shall have the same rights as EMSA, notably right of access, for the purpose of checks and audits.

ANNEX I

Tender Specifications

ANNEX II

Contractor's Tender (No [complete] of [complete])

Annex: Specific Contract Template

SPECIFIC CONTRACT No [complete]*

implementing Framework contract No [complete]

The European Maritime Safety Agency (hereinafter referred to as 'EMSA'), represented by [insert name, title Authorising Officer]⁶,

on the one part,

and

[full official name]
[official legal form]⁷
[statutory registration number]⁸
[full official address]
[VAT registration number]

(hereinafter referred to as "the contractor"), [represented by [forename, surname and function,]]⁹

on the other part,

* **Options [in italics] to be deleted where not applicable.**
Options [in roman] to be completed.

⁶ Head of Unit (≤ 60 000 €) Head of Department (≤ 200 000 €) Executive Director (> 200 000€).

⁷ Delete if contractor is a natural person or a body governed by public law.

⁸ Delete if contractor is a body governed by public law. For natural persons, indicate the number of their identity card or, failing that, of their passport or equivalent.

⁹ In the case of a joint offer and provided the invitation to tender so specifies, the following clause should be added below the identification of the parties: "The parties identified above and hereinafter collectively referred to as 'the Contractor' shall be jointly and severally liable vis-à-vis EMSA for the performance of this contract".

HAVE AGREED

ARTICLE III.1 - SUBJECT MATTER

- III.1.1** This specific contract implements Framework Contract (FWC) No [complete] signed by EMSA and the contractor on [complete date].
- III.1.2** The subject matter of this specific contract is the provision of services as per III.1.3, related to the equipment items listed in Annex to this Framework Contract
- III.1.3** The contractor undertakes, in accordance with the terms set out in the FWC and in this specific contract and the annex[es] thereto, which form an integral part thereof, to perform the [following tasks:] [tasks specified in Annex [complete].]¹⁰:
- a. Equipment storage area: (insert Area) m² for a maximum price for the storage area per square meter (Ps) per month of (insert offered price) ;
 - b. Equipment insurance for a maximum annual insurance premium rate per the equipment value (Pi) of (insert offered price);
 - c. Equipment maintenance for a maximum price per man day for the maintenance (Pm) of (insert offered price) ;
 - d. Equipment maximum price for transportation per kilometre and per lorry of 20 Tons (Pt) of (insert offered price);

The list, dimensions, place of origin and value of the equipment items covered by the above services is attached to this order as annex 1.

ARTICLE III.2 - ENTRY INTO FORCE AND DURATION

- III.2.1** This specific contract shall enter into force [on the date on which it is signed by the last party] [on [insert date] if it has already been signed by both parties].
- III.2.2** The service(s) as specified in section III.1.1 shall be provided within [days/months] from the date of entry into force of the Contract. Execution of the tasks shall start from [the date of entry into force of this specific contract] [insert date].

The period of execution of the tasks may be extended only with the express written agreement of the parties before such period elapses.

ARTICLE III.3 - PRICE

- III.3.1** The maximum total price to be paid under this specific contract shall be EUR [amount in figures and in words by applying the maximum prices of the offer] covering all tasks executed.
- III.3.2** In addition to the maximum total price no reimbursable expenses are foreseen.
