

## Questions and Answers

### Procurement procedure: EMSA/NEG/62/2015

**Question 01** (dated: 07 December 2015 14:18):

“Hello, we would like to ask following clarification question:

Paragraph 6 in **Objective, scope and description of the contract** in Tender Specifications states two infrastructure approaches:

- a) Deployment in EMSA virtual infrastructure (VMWare based), considering its future migration to a Cloud based infrastructure with minimal adaptations;
- b) Deployment in a Cloud based infrastructure, to be provided by the tenderer.

Is it possible to submit a proposal based solely on cloud based infrastructure?”

#### **Answer to question 01:**

Both requirements are mandatory. Bids answering only to one scenario will not be compliant with the Tender Specifications and therefore not evaluated.
