Questions and Answers

Number	Question	Date and time	Reply
1	Dear Madam/Sir, could you please confirm that, notwithstanding the daily rates requested in Appendix TS.01, Specific Contracts for development and enhancement services will be contracted and invoiced as fixed scope, fixed price assignments, with the daily rates used only for evaluation purposes and for calculating future quotations and not as Time and Means engagements invoiced on the basis of actual person days consumed? If this interpretation is not correct, could EMSA please specify clearly which services, tasks or Specific Contracts are expected to be implemented on a Time and Means basis and how the actual effort will be ordered, approved, monitored and invoiced?	Submitted on: 28.04.2026 13:52:56	We confirm that services will be contracted and invoiced as fixed scope, fixed price assignments, with the man-day rates used only for evaluation purposes and for calculating future quotations.
2	Dear Madam/Sir, could you please confirm that the expected service delivery model is primarily remote/off site, from the contractor's premises or another contractor-controlled location, except for the one annual meeting covering all active services and any in person training explicitly requested under a Specific Contract at EMSA premises in Lisbon? If this interpretation is not correct, could you please specify clearly whether any regular or mandatory on-site presence is expected, including the relevant profiles, estimated frequency,	Submitted on: 28.04.2026 14:00:19	We confirm that the expected service delivery model is primarily remote/off site, from the contractor's premises or another contractor-controlled location.

	expected duration and place of delivery?
