

1st SSN LRIT Group Meeting

SSN Roadmap

Agenda item 1.4.1

Philippe Duchesne / Senior Project Officer
Department C: Operations/Unit C.2.1

Lisbon / 17 May 2017

Central Organisations Database

Opened to **NCA Admin users**

Register and update traffic-monitoring authorities' details

Publication of Authorities' details

Password protected section of EMSA website

Under development

Expected in July

Will include

- improvements of the **Central Organisations Database** and **Central Ships Database**,
- improvements of the SSN **user interface** – new user web interface layout, and
- the integration of SSN with the new **Central Location Database** which will handle location codes for all SSN Ecosystem's applications.

Expected end-June

Contents

- improvements for the purpose of the **SSN Ecosystem Graphical Interface**
- Other improvements to be defined in due time

Expected by November 2017

Contents

- Refer to agenda item 1.4.2
- Integration with **Common Management Console**, central access point for:
 - ❖ Configuring user accounts and enforcing access control policies for all users of SSN Ecosystem
 - ❖ Management of reference databases

Enforcement of access rights policies of end-users of National SSN Systems will remain the responsibility of the NCA and will continue to be addressed by the National SSN Systems
