- To select the more reliable information by cross checking different sources
- Ship identity + additional ship particulars
 - Ship types
 - Status
 - Dimensions / Construction details
 - Company information
 - Technical details
 - PSC information

Current Status

Current Status

CSD vs Commercial Source (October '18)

SSN v4.2

- Simplified consolidation of versions
- Re-establishment of the CSD connection with commercial source

SSN v4.3

- Decoupling the CSD from SSN
- Build a business logic independent from SSN
- Implement the CSD developments much faster

New CSD concept paper (next SSN/LRIT Group meeting)

- Replace the old concept paper (2012)
- Propose the business logic changes

Member States are invited to:

- Take note of the information provided
- Contact EMSA if willing to develop web services to connect to the CSD
