European Maritime Safety Agency

Consultative Network for
Technical Assistance (CNTA)
3rd meeting

**Proposals for training on
accident investigations**

Lisbon - 2nd July 2008

1

European Maritime Safety Agency

European Maritime Safety Agency

**Training on:
Marine accident investigations**

Present situation:

Marine accident investigations regulated through the
Directives 1999/35/EC and 2002/59/EC

Cross-reference to the IMO Code on marine casualty
investigation

Obligation to carry on board the Voyage Data Recorder

2

European Maritime Safety Agency

European Maritime Safety Agency

**Training on:
Marine accident investigations**

Future situation:

Proposal for a directive establishing principles for marine
accident investigations in the European countries

- Safety investigation
- Independent body
- Independence from other investigations

Possible adoption within the end of 2008

New systems for accident investigation or modification of
those existing in many Members States

3

European Maritime Safety Agency

European Maritime Safety Agency

**Training on:
Marine accident investigations**

Need for training

Study for identifying needs for training of MS's

In-depth course

AWARENESS COURSE

4

Training on: Marine accident investigations

Objective

The overall objective of the awareness course is the dissemination of the basic principles regulating the marine accident safety investigation among personnel of Members States maritime administrations and provide them with the basic knowledge for carrying out a safety investigation.

5

Training on: Marine accident investigations

Possible content

Introduction: International legislation and EU legislation in general

Database: European Maritime Casualty Investigation Platform

EMCIP

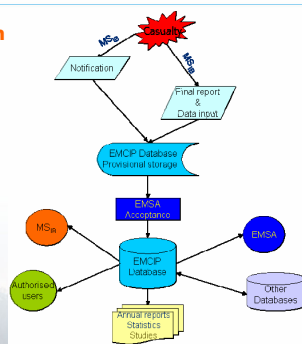

Basic analysis of the principles contained in the new directive
Technical-operational issues (through lectures and cases study)

6

Casualty Investigation Future EU legislation

Accident database

EMCIP

7

Training on: Marine accident investigations

Possible participants

Personnel from MS's maritime administrations involved in the marine accident investigations

The very basic principle of the proposal directive will be analyzed and developed through lectures and cases study in order to provide attendees with a basis for future participation in advanced trainings

8

European Maritime Safety Agency

Training on:
Marine accident investigations

Why out of the list of EMSA proposals?

Still missing the directive

Subject to:
"political" agreement by the EU Commission
opinion by the CTG Consultative Group

9

European Maritime Safety Agency

Proposals for training
