

Maintenance plan - Appendix 2 to the Tender Specifications

Attached to the Invitation to tender N° EMSA/NEG/28/2016 for storage of oil pollution response equipment in Bulgaria

Date: Signature

M= Monthly maintenance

	M	M	M	M	M	M	M	M	M	M	M	M	M	M	M	M	M	M	M	M
Clean the equipment																				
Check protection of the equipment																				
General inspection																				
Grease / Lube equipment																				
Add anti-freeze																				
Check the level of hydraulic oil																				
Check the level of lubrication oil																				
Check the level of fuel																				
Check the level of battery water																				
Charge the battery																				
Make the frost proof test																				
Check the level of coolant																				
Start the diesel engine																				
Check the pressures of hydraulic oil																				
Check the control and the diverter levers																				
Check the condition of the lifting equipment																				
Check the functions of remote control																				
Check that there is not water in the pontoons																				
Check the adjustments of the brush scrapers																				
Store the equipment correctly																				
Stiff Sweep Arm LSS 15 (1)																				
Stiff Sweep Arm LSS 15 (2)																				
Davit Crane (1)																				
Davit Crane (2)																				
Weir Skimmer Module for LSS (1)																				
Weir Skimmer Module for LSS (2)																				
Brush Skimmer Module for LSS (1)																				
Brush Skimmer Module for LSS (2)																				
Centrifugal Pump MSP 150 (all)																				
Oil Transfer Pump GT A (all)																				
Power Pack LPP 90 (1)																				
Power Pack LPP 90 (2)																				
Power Pack LPP 90 (3)																				
Weir Skimmer LWS 1300 Mk II																				
Brush Adapter LBA 1300 Mk II																				
Heavy Duty Oil Boom/reel(1)																				
Heavy Duty Oil Boom/reel (2)																				
Weir Boom/reel/ancillaries																				
Power Pack Diesel, EX 3G (1)																				
Power Pack Diesel, EX 3G (2)																				

Nb: where the cell is left blank, maintenance action should be carried out and the relevant cell should be crossed. Grey cells mean that the relevant maintenance action is not applicable for the equipment item.
