- (g) Where the Requesting Party fails to make payment in accordance with this Clause or on demand where the validity of a disputed invoice is upheld, the Contractor shall notify the Requesting Party in writing. The Requesting Party shall have three (3) working days in which to effect payment. Should such payment remain outstanding after this time the Contractor shall be entitled to immediately terminate this Contract without further notice and withdraw the Equipment, *Dispersant* and Personnel without prejudice to any other rights that the Contractor may have.
- (h) Where the Contractor chooses not to exercise any of the rights afforded to it by this Contract in respect of any particular late payment or series of late payments, this shall not be construed as a waiver of its right to withdraw the Equipment, *Dispersant* and Personnel in respect of any subsequent late payment under this Contract.

5. *Rates and Charges*

The Requesting Party agrees to pay the Contractor the following *rates* and charges in consideration of the *services provided by the Contractor as per the option chosen by the Requesting Party in Box 5. Where Dispersant mobilised under this Contract is not consumed and is demobilised in the original sealed IBC by the Requesting Party in accordance with Subclause 2 (d), the Requesting Party shall not be charged the unit purchase price of demobilised IBCs but the 15% overhead shall be due. - (i) *Equipment purchase option - The Equipment hire rate will be capped at the cost of replacement of the Equipment by the most similar new equipment item (new for old at manufacturer's recommended retail price on the date of contract as stated in Box 1). Once the capped value has been reached, the Requesting Party may exercise the option to purchase the Equipment, terms for which will be agreed at the time.*

Should the Equipment be lost or damaged (save for loss or damage caused by normal wear and tear or by the Contractor's negligence), the Requesting Party shall, at its own expense, replace or reinstate the Equipment to its original condition and the Equipment shall remain on hire until such replacement or reinstatement is complete. The Requesting Party shall however have the option of paying to the Contractor the value of the Equipment *as per Subclause 5(c)* and following which the Requesting Party's obligations for the Equipment under this Clause shall cease together with the payment of hire. *The Requesting Party acknowledges and agrees that any sums due to the Contractor under this Clause 6(b) shall be deemed as being remuneration due under this contract.*

- (e) The Contractor's liability for any loss, damage or delay sustained by the Requesting Party as a result of the Equipment being prevented from working shall be limited to suspension of hire, except where such loss, damage or delay has been caused solely by an act or omission of the Contractor or the Contractor's Group.
- (f) The Requesting Party shall be responsible for disposal of all oil and hazardous substances collected by the Contractor, and at no time shall the Contractor be considered to have title to or be in possession or control of any oil or hazardous substances, except as the Requesting Party's agent.
