

Bonn Agreement

## The Bonn Agreement BE-AWARE Project

Alexander Von Buxhoeveden  
Representing the Bonn Agreement  
Risk Assessment and Response planning in Europe - Workshop  
14 March 2018

Bonn Agreement: Area-wide Assessment of  
Risk Evaluations

**BE  
AWARE**

Bonn Agreement  
Accord de Bonn

Bonn Agreement

Co-Financed by the EU Civil Protection Mechanism

## BE-AWARE objectives 2011

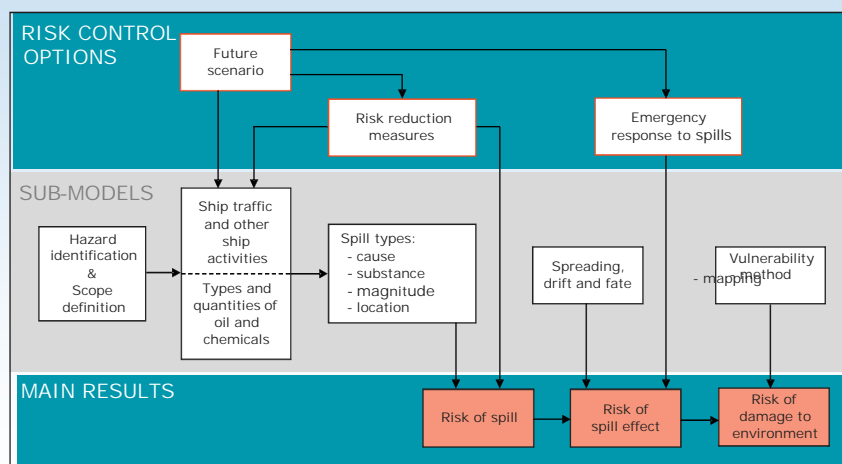

- identify areas at increased risk of pollution,
- the potential for spills in those areas and the criteria for undertaking an analysis of the socioeconomic and environmental vulnerability.

## BE-AWARE objectives 2013

- to identify the most effective future risk reduction and response measures,
- building directly upon the outcomes of the BE-AWARE project.

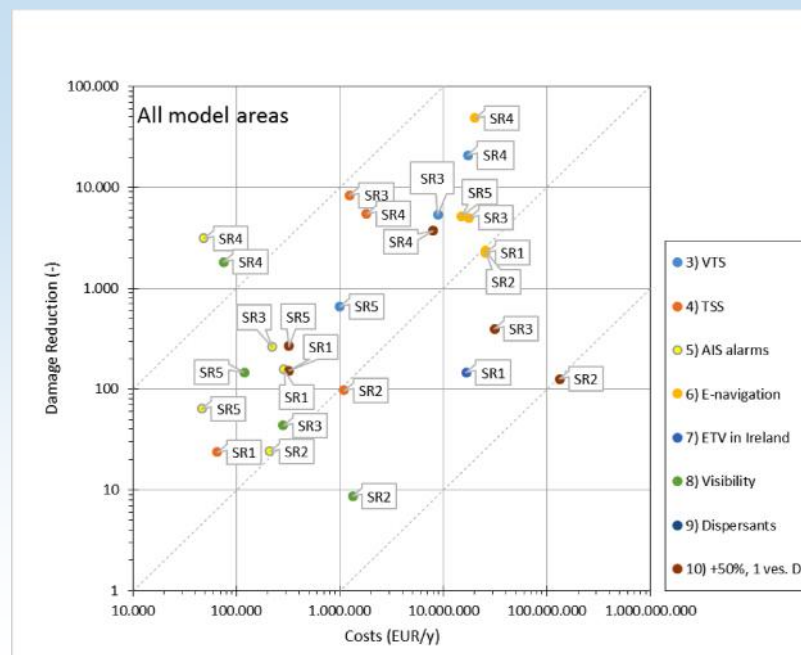

### BE-AWARE I

### BE-AWARE II

## BE-AWARE II achievements:

- To identify alternative future (2020) scenarios for risk reduction measures and response capacities;
- To model the fate and weathering of oil for the potential spills identified in BE-AWARE for each of the scenarios;
- To identify the socioeconomic and environmental vulnerability of the coastline and offshore areas using the tools developed in BE-AWARE;
- To identify the impacts of spilt oil in the natural environment as well on socio-economic features, taking into consideration the relevant vulnerabilities for each of the selected scenarios;
- To develop risk management conclusions for Bonn Agreement sub-regions based on the most efficient and cost effective scenarios identified.
- Promoting common understanding of risk assessment practices and cross border risk management

## BE-AWARE Implementation Plan

Adopted by BONN 16

Priorities for each sub-region

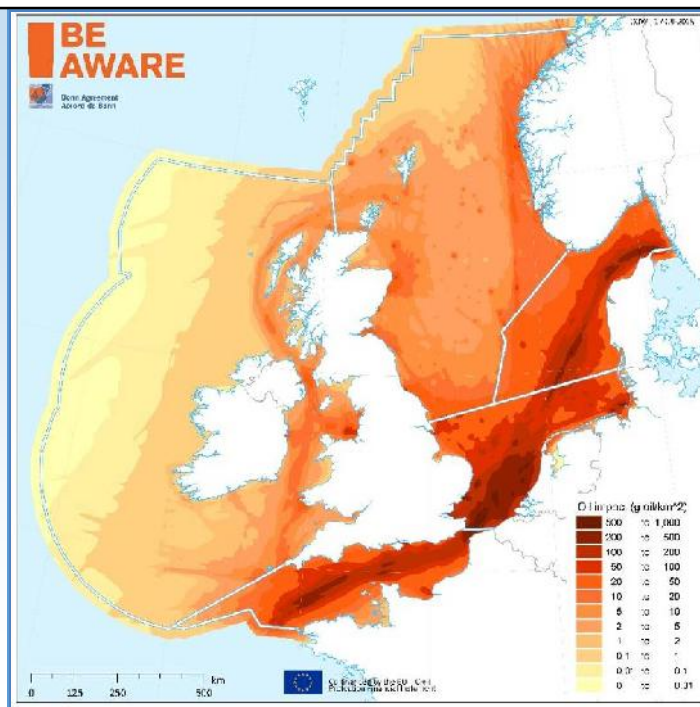

To be reviewed annually

Bonn Agreement

	3) VTS	4) TSS	5) AIS alarms	6) AIS navigation	E- 7) Additional ETV's	8) Enhanced night vision	9) Dispersants	10) +50%, 1 ves. DK
Sub-region 1		2	1					3
Sub-region 2		1	3			4	5	2
Sub-region 3	2	1	3					
Sub-region 4		1	2	4		3		
Sub-region 5	3		1	4		2		

Bonn Agreement

## BE-AWARE Implementation Plan

Competent organisation to implement action?

What action can the Bonn Agreement take?

Who is responsible?

What is the timescale?

## Next steps

Bonn 2016 Adopt implementation Plan

BA actions integrated into BAAP 2016-2019

Results and implementation reviewed at Ministerial Meeting in 2019

Bonn Agreement Strategic Action Plan 2019-2025
