

# SafeSeaNet v.5

## Updates for new PRF Directive and timeline

Unit 3.3 Simplification

Digital Services and Simplification

EMSA PRF Workshop / 07-08 April 2021

## Waste information in SafeSeaNet

### **2015 SafeSeaNet v.3** Directive 2010/65/EU on Reporting Formalities:

- Notification of waste and residues (Article 6 of Directive 2000/59/EC)
- Incident Report type Waste
- Exemptions on voluntary basis (Article 9 of Directive 2000/59/EC)

### **2018 SafeSeaNet v.4** Commission Directive (EU) 2015/2087 amendment:

- Revised Notification of waste and residues (Annex II)
- Revised Waste Types
- Exemptions (Article 9 of Directive 2000/59/EC)

## Scope

- Changes in the legal requirements of the amended Directive 98/41/EC on registration of persons on board passenger ships
- **Changes in the legal requirements following the new Directive EU 2019/883 on port reception facilities for the delivery of waste from ships (repealing Directive 2000/59/EC)**
- Proposals from the Working Group for improving Incident Reporting, and link with CECIS system
- Additional security measures and changes to the data protection rules to support the exchange of detailed information on the persons on board passenger ships will need to be put in place in order to secure the data exchanges at both central and national levels. The results of the “**Security and Interoperability Solutions Study**” will be used to define the security measures to be applied in SSN version 5

New PRF Directive

Waste Business Rules (*revision*)

NSW Data Mapping

SSN Technical Specifications

Developed with the support of MS experts in PRF, SSN and NSW (HLSG)

# Business Rules
