

Workshop on Implementation of PRF Directive (EU) 2019/883 and EMSA PRF Guidance: Welcome & Agenda

Unit 1.1 Sustainability

Sustainability and Technical Assistance

EMSA PRF Workshop / 07-08 April 2021

- **Please keep your microphones and cameras off**

Only those speaking/presenting should enable cameras and microphones on for taking the floor

- **Use the CHAT functionality only to intervene or send questions**

To intervene: please raise your hand first and wait you are given the floor. When intervening please identify yourself and Organisation. This should preferably be done after the presentations, when there will be dedicated time for discussions.

- **Workshop will be recorded**

- **Presentations will be distributed to all participants afterwards**

- **Update MS on the status of implementation of the New PRF Directive in particular on:**
 - latest ESSF WfS Sub-Group Recommendations for the IA on 'Methods to Calculate Sufficient Dedicated Storage Capacity';
 - latest ESSF WfS Sub-Group Recommendations for the IA on 'Risk-Based Targeting Mechanism';
 - the SafeSeaNet and THETIS-EU PRF Module future updates and timelines.
- **Initiate discussions for updating the EMSA 'PRF Guidance for Ship Inspections under the Port Reception Facilities Directive' document.**
